GORIBIDNUR TALUK.

All the eight accused (residents of Raya-rakalahalli) concerned in Crime No. 110/42-43 of Manchenahalli Range Station, under Sections 143, 426 I.P.C. and 24 of the Mysore Public Security Act, ~~were convicted~~ relating to fire mischief to the ^{roof of g.m. holdy shed after pulling it down} toddy shed at Bisalahalli on - 15-9-1942, were convicted ~~60000~~ and sentenced to undergo one month's Rigorous Imprisonment on each ~~xxxxx~~ count and a fine of Rs.10/- under Section 426 I.P.C. and in default to undergo 15 days rigorous imprisonment, by the Special -First Class Magistrate, Chickballapur, on - 30-9-1942.

BAGEPALLI TALUK.

Attempts on the part of some High School students of Bangalore and Chikballapur, now - staying at Bagepalli, to induce the boys of local Middle School not to attend classes, proved - futile. Suitable advice has been given to the students and their parents. The student-leaders have also expressed regret for their action.

The situation in the District was quiet.

Deputy Commissioner, Kolar

Dear Sir,

In continuation of my report of yesterday I beg to state that the Presidents of the Mysore and Nandydroog Mines have distributed Tamil printed notices requesting the labourers to resume work on 4-10-1942 as the present strike is illegal. The labourers are divided and perplexed and some of them are carrying on propaganda against the Presidents of the Associations saying that they ask them to strike and ask them to resume work again. It is hoped that the labourers may resume work on Monday. About 100 scavengers in Mysore Mines resumed work. In the Henry shaft, Nandydroog mines 10 to 12 pump drivers went to work but since the number was too small they were not taken for work.

Chennakeshavelu, Ag. Secretary, Champion Reef Labour Union has published the printed balance sheet of the Sangham wherein he refers to the failure of the conciliation and the Charka Sangha introduced by Government in Kolar Gold Fields.

Copies of the English Translation of the notices and of the Balance sheet of the Champion Reef Labour Association are enclosed.

It is also reported that 3 boys wearing Khader were found near Kadavoi Hosahalli in S. thanangala limits on 30-9-42 - one of them being the son of Mr. Garuva Reddy, Advocate, Bangalore. They seem to have come from Bangalore on bicycles to see Raghava Reddy and Hanumantha Reddy. When they were informed that they are at Mittapally in British limits they left the place.

Yours sincerely,

T. Ramaiya

Brave Labourers!

Owing to our failure in getting the service gratuity amount and the war allowance, you have shown your dissatisfaction and hatred by a general strike. The members of the Union have understood this situation properly and have determined to start this struggle after voting as per rules. Therefore we request you all to resume to work from 4-10-42.

Yours,
P.M. SELVAMANY,
President.
A. Irudhyanathan,
Secretary.

CHAMPION REEFS LABOUR SANGHAM.

ACCOUNT FOR THE MONTH OF SEPT. 1942.

Income.		Expenditure.	
Balance on ^{hand} ~~and~~ on 31-8-42.	1794-11-0	Salary for the clerk.	25- 0-0
Subscriptions for September	475-12-0	Salary for the Peon	10- 0-0
	2270- 7-0	Rent for the Office buildg	16- 0-0
		Expenditure on light	2-13-0
		News papers	8- 0-0
		Notice	8- 0-0
		Printing receipts books	36- 3-0
		Paper stamp	1- 6-0
		2 Sangham flags.	0-15-0
		Garlands	0- 2-0
		Cycle puncture	0- 9-0
		Rubber stamps	0-1- 6
		Candle sticks	2- 0-0
		Bulbs	2- 0-0
		Preliminary expenditure	3- 0-0
		Expenses for bringing receipt books	2- 9-0
		Total expenditure.	121-14-6
		In Cooperative society.	2148- 8-6
		Total.	2270- 7-0

1. The Company authorities state that they would give Rs.5/- for those who are getting below Rs.40/- and Rs.7/- for those who are getting above Rs.70/- and below Rs.80/- The Sangham Presidents asked Rs.3/- as war allowance for the past three months and Rs.7/- every month. The company authorities refused to accept to this proposal. Even though the Sangham Presidents asked for settling the matter in the Arbitration court, the company authorities did not agree.

2. Conciliation over the gratuity question has completely failed. Executive committee, Block committee and Department committee are consulting over this issue. Sangham request that the labourers should conduct themselves in a calm and peaceful manner without giving any room for confusion until the next notice is published.

3. The labourers may remember that our President Sri Chennalrai Reddy was preaching about the establishment of weaving Sanghams. Within a few days, this will be opened at the mining Drama Hall under the supervision of the Khadi Inspector. Labour brothers are requested to help.

Yours,
M. Chennakeshavelu,
Ag. Secretary.

Dear Sir,

*See
L. S. 8/10
8/10
L. S. 8/10*

In continuation of my report of yesterday, I beg to state that it is reported that the members of the Mysore Mine Labour Association met at their Office yesterday evening and after four hours discussion came to the conclusion that they should resume work on Tuesday morning and notices are going to be published to that effect. About 300 labourers had collected outside the Office to know the result of the meeting. As the meeting prolonged for a long time some of the labourers standing outside got impatient and pelted stones on the roofings and exhorted them to continue the strike. By the time the meeting closed there were only about 25 remaining outside out of 300. The flagstaff and the labour flag that had been hoisted on the Union's building were found missing since yesterday morning and they were found lying near the latrine in Krishnaraja Road to-day. The peon of the Office who was in sympathy with K.C. Phillips is suspected to be responsible for this. Even the key of the Office has been taken away from him for fear that he would indulge in destroying account books. Police patrols have been warned to see that nothing untoward happens near the Union Office. In spite of the decision by the Labour Union that the labourers should resume work many of the labourers seem to be against this idea.

Messrs. T.L.A. Acharya and T. Ramachandra met the committee members of Nandydroog Mine and asked them to advise the labourers to resume work but as the labourers are very much dis-appointed with the Association itself they did not resume work even today.

There is a feeling amongst them that the committee members of the Association and their President have let them down. They seem to be of opinion that having gone on strike they should not resume work without achieving their object in obtaining the increase in Dearness allowance. Messrs. T.L.A. Acharya and Ramachandra are however going from line to line in the cooly lines and requesting the labourers to go over to the Union Office to discuss matters regarding the strike. They seem to be organising to take some committee members of the Union and some labourers to Bangalore to interview the Dewan Sahib and explain their grievances.

A manuscript notice was found lying near Kennedy lines advising the labourers not to trust members and the President of the Association and to continue the strike. An English Translation of the same is enclosed.

The labourers of the Gorgaum mine are as usual attending the roll-call and the labourers of the Champion Reef are attending to their work.

The attendance in the High School to-day is 299. The students are unofficially permitted to celebrate Gandhi Jayanti to-day in their class room at 3 p.m. in the School when the photo of Gandhi would be worshipped and the teachers would address the students.

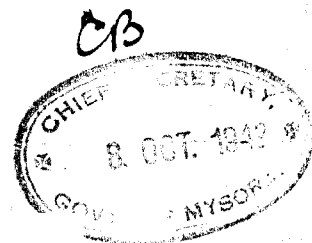

Yours sincerely,

Dear Sir,

In continuation of my report of yesterday, I beg to state that it is reported that some labourers were found burning the leaflets issued by the members of the Mysore Mine Labour Association asking the labourers to resume work, on the threshold of the Labour Union Office yesterday evening. They are said to have thrown out from the Office three photos viz. May Day Celebration photo, Ranipet Factory Union Committee photo and copy of the address presented to the Law Minister and ^{caused} ~~caused~~ the glasses to be broken. The President Mr. Sharma sent Venkatarayalu, Treasurer and Dorasami, a committee member to report the matter to the local Police. The Police officers immediately went to the place but the labourers had gone away. Enquiry showed that Moses, Underground Loco Driver, David, Pipe fitter, Swaminathan, Surface cooly and Kannan, Rail Gang surface, were responsible for the mischief and that no hot words passed between them while committing the mischief. Police pickets were posted there for the night to prevent further mischief.

A copy of the English Translation of the notice is enclosed for kind perusal.

As per instructions of the committee members of the Mandya District Labour Association who went round the lines and asked the labourers to meet them at their office yesterday afternoon, about 150 labourers gathered near the office when Venkatachalam explained to the labourers the attempts made by them to get war allowance and service money and requested to resume work as the strike at that stage was illegal. The labourers gave a deaf ear to his advice and refused to do so unless they derive some benefit. It

It was therefore decided that a deputation should go to the Dewan Saheb. Accordingly 10 committee members and 10 non-committee members were selected for the purpose and they left the place to Bangalore yesterday evening with Messrs. Acharya and Ramji.

Two manuscript notices were found pasted - one to the Tram-way gate near Post Office Block, Mysore Mine and another to a latrine near the Marikudam Railway Station, exhorting the labourers ~~not~~ to continue the strike and to send Mr. Sharma away from K.G.F. as he has done nothing more than what Phillips did to them and as he is responsible for humiliating them in the eyes of Government. Copies of the English Translation of the notices are enclosed.

This morning information was received that some labourers were seen going towards Bishanathan to meet Phillips and Vajravelu Setty but on verification it was found out that no labourer went there but Vajravelu Setty and Phillips met about 7 labourers of Mysore Mine at Bishanathan of whom one is the servant of the Mysore Mine Labour Association and they all proceeded towards Kuppam. Information is being collected as to who the owner of the labourers are

Gandhi Jayanthi was peacefully celebrated by the students of the High School yesterday in the premises of the High School. After invocation speeches were made about the life history of Gandhi in English, Tamil and Kannada by students and the Head Master. There was music for about 45 minutes and lastly national anthem was sung and sweets distributed. The students also cried "Mahatma Gandhi-ki-Jai" "Jawarlal-ki-Jai" and "Chennabai-ki-Jai".

The attendance in the High School to-day is 297 and in the Middle School 736.

Yours sincerely,

Subhany

MYSORE MYSORE LABOUR SANGHAM.

SANGHAM'S ORDER!

RESUME WORK IMMEDIATELY.

Companions! Conciliation over the gratuity question has failed. In a similar way the conciliation over the question of war allowance did not end in any beneficial results. You have shown your discontentment to the Government, capitalists and to your Sangham also by strike. Your feelings are just. Sangham cannot but appreciate your sacrifice, determination and orderly manner. These are bound to achieve success. The Government have established rules for procedure even after the breakdown of the conciliation. It is necessary that we should act accordingly. Then we will have the support of the Government. Then nobody can do anything against us. Steps have already been taken by the Sangham. The Labour Commissioner has been requested to take votes and a list of the Union members has already been sent. Sangham considered closely the situation that has arisen since four days. You must resume work immediately in the same determined way with which you stopped from work. You must all take part in the voting and give your opinion regarding the necessity of strike. Then the Sangham will take the responsibility of doing that thing with strength, authority and sincerity. These have been considered very deeply by the committee members who resolved to do the same thing. In support of this there is also a notice issued by the mining Superintendent. Even though the Government has considered this strike as an illegal one. Superintendent has replied showing his readiness to allow the labourer to resume work. The Executive committee were willing to meet together to talk over this and this fact was brought to the notice of the mining Superintendent and he had replied that in case the labourers resumed work he was then in a position to discuss all matters with the President. After the resumption of work, the committee members will meet the Superintendent and try to bring a settlement.

The above mentioned resolution was not decided in a hasty manner, and it was not done out of any fear also. But this has been done only to the benefit of the labourers after weighing all items from all aspects of view. It is very easy to blame. Many may talk as they please. But the labourers are requested to use their common sense and to resume work in a determined way and thereby strengthen and cooperate with the Sangham to achieve benefits. It is a wrong deed to try to create a split by bringing in their personal animosities. Act according to the resolutions of the Sangham. Do not entertain any suspicion. Have belief in the Sangham. Sangham is intended only to serve you. Strengthen the Sangham. Behave in a determined, just and calm manner. The great endeavours of the Sangham on your behalf will end in success. Do not give room for false rumours, unwanted uprisings. This is the wish of Sangham.

P.R.K. SHARMA,
President.

Pack up your things - Sharma - who deceives the labourers by cunning words. Do not entertain belief in the notices and resume work.

Strike notice was given because of the failure of the conciliation over the gratuity amount. We struck work. The Sangham itself asks the labourers to resume work. The President and the committee members are afraid of imprisonment. So they are throwing the blame on the labourers and asking the labourers to go for work without any benefit to the labourers. If we go like that, have we any self-respect. Brick Factory labourers struck work, three times. How did their President conduct the strike. They say that we have struck work contrary to the rules. Why is it that these rules did not bind the Brick Factory labourers? Did their President expose his labourers like that? Why is it that Nathan's Reports about which Sharma was bawling out under the banyan tree have not yet been published? Even though the company authorities published the standing order, why is it that they are being delayed? What is the action that was taken in connection with Phillips? Why is it that the Sangham account has not been published at the time of Phillips exportation? Who is the cause of it? By whom were we subjected to much humiliation when we refused to receive our wages in connection with war allowance? We struck work for 28 days because of gratuity amount for 10 years. Phillips and ourselves refused to accept. What has Sharma got us more than this? It is because of him only that we are subjected by the Government. Send him off in the grain immediately. Do not be deceived by believing him.

Dated 6-10-1942.

If we are united we will be come one.

Our Dear Labourers, we have struck work. Why did we do it? Is it not for our stomach? Even though Sangham is in existence what is the benefit. What has it achieved us even though we ask for it. It may ask for gratuity amount and war allowance. There are many more things to be asked. It may ask for them. We struck work for five days. Is there any mention in the notice about the payment of the wages and the bonus during these days? Where is the necessity for a Sangham for us? We must not go for work unless and until we get a reply.

Yours,
labourers.

ble

Pack up your things - Sharma - who ~~is~~ deceives the labourers by cunning words. Do not entertain belief in the notices and resume work.

Strike notice was given because of the failure of the conciliation over the gratuity amount. We struck work. The Sangham itself asks the labourers to resume work. The President and the committee members are afraid of imprisonment. So they are throwing the blame on the labourers and asking the labourers to go for work without any benefit to the labourers. If we go like that, have we any self-respect. Brick Factory labourers struck work, three times. How did their President conduct the strike. They say that we have struck work contrary to the rules. Why is it that these rules did not bind the Brick Factory labourers? Did the President expose his labourers like that? Why is it that Nathan's Report~~N~~ about which Sharma was bawling out under the banyan tree have not yet been published? Even though the company authorities published the standing order, why is it that they are being delayed? What is the action that was taken in connection with Phillips? Why is it that the Sangham account has not been published at the time of Phillips exportation? Who is the cause of it? By whom were we subjected to much humiliation when we refused to receive our wages in connection with war allowance? We struck work for 28 days because of gratuity amount for 10 years. Phillips and ourselves refused to accept. What has Sharma got us more than this? It is because of him only that we are subjected ~~to~~ by the Government. Send him off in the train immediately. Do not be deceived by believing him.

Superintendent of Police,
Kolar Gold Fields.

Dated 6-10-1942.

If we are united we will become one.

Our Dear Labourers, we have struck work. Why did we do it? Is it not for our stomach? Even though Sangham is in existence what is the benefit. What has it achieved us even though we ask for it. It may ask for gratuity amount and war allowance. There are many more things to be asked. It may ask for them. We struck work for five days. Is there any mention in the notice about the payment of the wages and the bonus during these days? Where is the necessity for a Sangham for us? We must not go for work unless and until we get a reply.

Yours,
Labourers.

Lawdy 10/6
Dear Sir,

In continuation of my report of yesterday, I beg to state that the strike in Mysore and Nandydroog Mines continues. The scavengers of Nandydroog mines have attended to work.

Messrs. Acharya and Ramachandra met some of the labourers of Nandydroog mines, explained to them the notice published by the mining superintendent and requested them to resume work as the present strike is illegal. When it was put for vote none of them raised their hands either for or against. They were silent on the question. They all went away and Mr. Acharya said he would publish a notice requesting the labourers to resume work. Messrs. Acharya and Ramachandra are hopeful about labourers resuming work to-morrow morning. Confidential information from the lines shows that the labourers are not for resuming work and that they are talking freely that they will resume work only when the management open the mine for work. This seems to be the effect of the recent notice put by the management. It seems to have stiffened the labourers further. Mr. P.N.K. Sharma has written to the Superintendent of Mysore Mine yesterday that the latest notice put by him amounts to an illegal lock-out. A copy of this letter is herewith enclosed for favour of perusal. The labourers of Mysore Mine are also not for resuming work. The printed notice issued by the Superintendent of Nandydroog mine is slightly different to the one that was earlier pasted to the notice board. A copy of the same is also enclosed.

Tamil manuscript notices were found pasted to the Champion Reef Panchayat Hall and other places warning the Champion labourers not to be extravagant or pay to quit funds, debts etc. as the times have changed and the future

CP

is unce tain. Copies of the English Translation is enclosed.

This morning about 200 labourers of Corgaum got down underground till the 42nd level but as they were affected by noxious gas they were immediately taken up to the surface.

The attendance in the High School to-day is 291 and in the Middle School 767

Yours sincerely,

Deputy Commissioner, Kolar Dist.

Letter No.143/365 dated the 7th October 1942 from the President, The Mysore Mines Labour Association, Marikuppam. to the Superintendent, Mysore, @@@ Gold Mining Co., Ltd.

Dear Sir,

The attention of the Association has been drawn to a notice dated 6-10-42 issued by you to the workers of the Mysore Gold Mining Co., Ltd., The notice runs thus :-

"Owing to the action of employees in striking work illegally and their failure to resume work in accordance with the notice issued on 3-10-42 Mine operations will not be resumed until there are assurances of more settled conditions or alternatively until there are assurances of continuous operation".

The Association is surprised to find that the contents of this notification are inconsistent with and contrary to the letter and spirit of your communication of 5th October to the Association in reply to its letter No.142/363 of the same date. It has been stated in your letter referred to above that "the Company is, however, prepared to allow all employees to resume their respective shifts on Wednesday, the 7th inst. Whereas according to your notification dated 6-10-42 under reference, the Mine operations "will not be resumed". Your notification has made it impossible for the workers to carry out the decision and direction of the Association and I must make it plain and unequivocal to you that they cannot, therefore, be held responsible for non resumption of work. The Association is, therefore, constrained to consider the position again in the light of the new development on your side.

The latter portion of your notification that "mine operations will not be resumed until there are assurances of more settled conditions or alternatively until there are assurances of continuous operation is most mystifying to all and confusing to the workers. The workers cannot at all understand your notification which has been issued in English. The Association has not received a copy of the same. Your notification under reference and its contents constitute a definite illegal lock-out in view of your notice of 3-10-42, and the subsequent correspondence between us ending with your letter of 5-10-42. The Association desires to submit that you cannot, under the circumstances, hold the workers responsible for non-resumption of work and not carrying out the decision of the Association and that you will be liable for the illegal lock-out.

SD/- P.R.K. SHARMA,
Hony. President.

MY DEAR LABOURERS!

What you have got to understand now is, regarding chit Fund and Debts, Soon after you receive your paltry sum of pay you should not pay your debts. The reasons being that mines situations cannot be believed. It is 6 days since the strike notice is given. Do not forget. This is an urgent warning to you all. Beware!

Oh! Chit agents - beware. Do not trouble the people on the above noted date regarding the chit funds. If you do so you are the persons who suffer the coming troubles. Beware - The reason for this is that the situation in the mines has taken different course. Therefore this bit notice is a warning to you. Do not forget. Beware.

CC.162/42-43.

Dear Sir,

In continuation of my report of yesterday, I beg to state that the committee members of the Mysore Mine Labour Association met at their office yesterday evening and discussed the present situation. It was ascertained that Phillips had written a letter to the Gangham stating that he is still the Secretary and acts in his official capacity even now. The honorarium paid to him from the Union is stated to have been stopped now in view of his headlong attitude. One Benneh, Teon of the Union Office is reported to have been dismissed on account of his unsatisfactory conduct.

On 6-10-42 at about 9-30 p.m. information was received from Ritchard shaft, Mangydroog mines from Mr. Morgan stating that 65 or 70 $\frac{1}{2}$ sweepers who were engaged in the shaft were being threatened by the Mangydroog mine labourers and that they were afraid to go to their huts. Police help was given and they were escorted to their huts safely. Enquiries disclosed that 3 or 4 boys were talking in Kennedy lines that the legitimate work of the Sweepers was mere cleaning etc and they ought not to have gone and done surface works at the shaft usually done by other labourers, and that the sweepers hearing this expected some trouble on the way.

The Superintendents of the Mangydroog mine and Mysore mine have put up notices stating that owing to the action of employees in striking work illegally and failure to resume work in accordance to their previous notices, mine operations will not be resumed until there are assurances of more settled conditions or alternatively until there are assurances of continued operations. The attitude of the labourers to these notices are watched. In fact on 3-10-42 before the management put up notices saying that

the labourers may resume work before 5-10-42 there was a feeling in the minds of the labourers to resume work and nearly 90 % of them were for resuming work. The notice put up by the management at that juncture provoked them and they thought that if they resumed work on 5-10-42 it would be interpreted that they were afraid of the notice and so resumed work. This stiffened the labourers and the tables were turned and 90 % of them were not for resuming work. The labourers are talking that the Superintendents had gone to Bangalore to see the Minister and that they had also seen the Resident at Bangalore. There is also information that the labourers have managed to get the text of the cable message transmitted by the management to their London Office. It is said that the management have cabled that as the strike is declared illegal the labourers will resume work shortly and that there is no occasion for giving any extra Dearness allowance or gratuity to them and that if the management will hold out for a few days everything will be alright. The labourers have therefore a feeling that the authorities at London are sympathetically disposed towards them while the Superintendents are in the way of their getting enhanced Dearness allowance. The latest notice is therefore only likely to provoke them and the date of their resuming work may be postponed, besides further embittering their feelings towards the management.

Messrs. Acharya and Ranaji and other labourers who had been to Bangalore to see the Minister returned this morning and they are stated to be meeting the labourers to-day. The Superintendents of Hanumanthnagar and Mysore Mines are also reported to have gone to Bangalore to see the Minister.

Tamil printed notices have been distributed in Mysore Mine criticising Mr. P.R.K. Sharma as having joined the capitalists to earn money for his living and asking him to furnish accounts for Rs. 4000/-

collected from the labourers for starting a grain Depot. Copy of the English Translation is enclosed

On 6-10-1942 one Ramiah of Bowringpet was found making arrangements at Bowringpet to celebrate Gandhi Jayanthi to-day. He was sent for and warned about the Prohibitory orders of the District Magistrate. He pleaded ignorance of the orders and @@@ gave assurance that he does not give room for such things. Mr. Adinarayana Setty was also similarly warned.

The attendance in the High School to-day is 283 and in the Middle School 727.

Yours sincerely,

GOLD FIELD LABOURERS WHO SERVE EVEN WITHOUT CARING FOR
THEIR LIVES -

THINK FOR SOME TIME -

We got the Labour Sangham from the Government after great difficulties in order to redress our grievances. But what is the benefit that we have achieved? It has not been upto the mark of our expectation. It only leads us to more difficulties. Why? The reason is because of our leader Sharma.

He is carrying on his livelihood by joining the capitalists as well as the labourers. This can be testified by the labour troubles that were created at the Shoolay Hill Madras and Parry Company Ranipet. He wants to do the same thing here also and the following facts are published for the information of the labourers.

1. Where is the sum of Rs.4,000/- collected at the rate of 8 annas per head for the purpose of opening of food stall so that the labourers can get food-stuffs at the cheap rate? Is he opening a shop? or has he swallowed it? This we have not asked.
2. Why is it that the account of the Mysore Mine Union has not yet been published?
3. From what amount is the building worth about 7 to 8 thousand rupees constructed at Bangalore? Is it robbery at the expense of the Sangha?
4. From what amount has he purchased 11 Class tickets to go to Coimbatore and Madras three or four times?
5. Have you understood the inner secret of the warning issued by the mining authorities. There will be disturbance in case the labourers were asked to resume work without finding fault on them. It is the mischief of the leader Sharma in finding fault with the labourers and asking them to go for work for their own benefits and at the same time giving a hint to the company authorities.

He lives comfortably with his wife and children from the money he gets from the labourers as well as the capitalists and he forces the poverty-stricken labourers to leave this place. So long as we have belief in Sharma troubles are ahead of us.

So Sharma must be removed and another President who is unselfish for the cause of the labouring class must be chosen.

If you really want that all the benefits should be achieved as a result of the establishment of the Sangham Labourers - arise - arise with courage - throw off Sharma from his position. Beat the drum of victory.

LONG LIVE LABOURERS - LONG LIVE LABOUR SANGHAM.

Chintamani Taluk.

Municipal Councillors of Chintamani held a condolence meeting and all the shops in the Town were closed to express sympathy with the recent unfortunate demise at Issur (Shimoga District) of Amildar Mr. Chennakrishna, who was a native of Chintamani Town.

The situation in all other Taluks was quiet.

DEPUTY COMMISSIONER, KOLAR DT.

CC.162/42-43.

Dear Sir,

In continuation of my report of yesterday, I beg to state that the strike in Mysore and Mandydroog Mines continues. The Scavengers of Mandydroog mines have attended to work.

Messrs. Acharya and Ramachandra met some of the labourers of Mandydroog mines, explained to them the notice published by the mining Superintendent and requested them to resume work as the present strike is illegal. When it was put for vote none of them raised their hands either for or against. They were silent on the question. They all went away and Mr. Acharya said he would publish a notice requesting the labourers to resume work. Messrs. Acharya and Ramachandra are hopeful about labourers resuming work to-morrow morning. Confidential information from the lines shows that the labourers are not for resuming work and that they are talking freely that they will resume work only when the management open the mine for work. This seems to be the effect of the recent notice put by the management. It seems to have stiffened the labourers further. Mr. P.R.K. Sharma has written to the Superintendent of Mysore Mine yesterday that the latest notice put by him amounts to an illegal lock-out. A copy of this letter is herewith enclosed for favour of perusal. The labourers of Mysore Mine are also not for resuming work. The printed notice issued by the Superintendent of Mandydroog mine is slightly different to the one that was earlier pasted to the notice board. A copy of the same is also enclosed.

Tamil manuscript notices were found pasted to the Champion Reef Panchayet Hall and other places warning the Champion labourers not to be extravagant or pay to chit funds, debts etc. as the times have changed and the future

is uncertain. Copies of the English translation is enclosed.

This morning about 200 labourers of Corgaum got down underground till the 42nd level but as they were affected by noxious gas they were immediately taken up to the surface.

The attendance in the High School to-day is 291 and in the Middle School 765;

Yours sincerely,

SD/- N. PUTTARANGASWAMY.

Letter No.143/365 dated the 7th October 1942 from the President, The Mysore Mines Labour Association, Marikuppam. to the Superintendent, Mysore, ~~Gold~~ Gold Mining Co., Ltd.

Dear Sir,

The attention of the Association has been drawn to a notice dated 6-10-42 issued by you to the workers of the Mysore Gold Mining Co., Ltd., The notice runs thus :-

"Owing to the action of employees in striking work illegally and their failure to resume work in accordance with the notice issued on 3-10-42 Mine operations will not be resumed until there are assurances of more settled conditions or alternatively until there are assurances of continuous operation".

The Association is surprised to find that the contents of this notification are inconsistent with and contrary to the letter and spirit of your communication of 5th October to the Association in reply to its letter No.142/363 of the same date. It has been stated in your letter referred to above that "the Company is, however, prepared to allow all employees to resume their respective shifts on Wednesday, the 7th inst. Whereas according to your notification dated 6-10-42 under reference, the Mine operations "will not be resumed". Your notification has made it impossible for the workers to carry out the decision and direction of the Association and I must make it plain and unequivocal to you that they cannot, therefore, be held responsible for non resumption of work. The Association is, therefore, constrained to consider the position again in the light of the new development on your side.

The latter portion of your notification that "mine operations will not be resumed until there are assurances of more settled conditions or alternatively until there are assurances of continuous operation is most mystifying to all and confusing to the workers. The workers cannot at all understand your notification which has been issued in English. The Association has not received a copy of the same. Your notification under reference and its contents constitute a definite illegal lock-out in view of your notice of 3-10-42, and the subsequent correspondence between us ending with your letter of 5-10-42. The Association desires to submit that you cannot, under the circumstances, hold the workers responsible for non-resumption of work and not carrying out the decision of the Association and that you will be liable for the illegal lock-out.

SD/- P.R.K. SHARMA,
Hony. President.

MY DEAR LABOURERS!

What you have got to understand now is, regarding chit Fund and Debts, Soon after you receive your paltry sum of pay you should not pay your debts. The reasons being that mines situations cannot be believed. It is 6 days since the strike notice is given. Do not forget. This is an urgent warning to you all. Beware!

Oh! Chit agents - beware. Do not trouble the people on the above noted date regarding the chit funds. If you do so you are the persons who suffer the coming troubles. Beware - The reason for this is that the situation in the mines has taken different course. Therefore this bit notice is a warning to you. Do not forget. Beware.

Forwarded with compliments to the Chief Secretary to
Government of Mysore, Bangalore.

Pravin
DEPUTY COMMISSIONER, KOLAR DT.

CC.162/42-43.

Dear Sir,

In continuation of previous reports, I beg to state that it is reported that the President and the members of the Nandydroog Labour Association gave for print a manuscript notice requesting the labourers to resume work, but as there was opposition in the lines the same was taken back. They seem to have no idea of resuming work unless some definite promise is made by the company authorities regarding the dearness allowance.

Mr. T.L.A. Acharya sought an interview with the Superintendent of Nandydroog mine to discuss the nature of assurances to be given to the company authorities but it was refused on the ground that the labourers are not listening to him and that therefore he is not a Labour leader and that no purpose would therefore be served by discussing matters with him. He has gone to Bangalore with Mr. Ramachandra ~~CCCC~~ with a view to see the Labour Commissioner and bring him here.

At about 12 noon Messrs. Kuttikrisna Nair, Venkatachalam, V.C. Muniswamy, Perumal and some others went from line to line and advised the labourers that they should go for work from to-morrow since the present strike is illegal and the Government officers have told them that they can not interfere in the matter till they resume work. They also told the labourers in the line that the labourers of other lines have agreed to go for work and that they should not keep back. Thereupon the labourers demanded that the Labour Association should publish a printed notice asking them to go for work. Accordingly a tamil printed notice has been published by the said members this evening requesting the labourers to go for work. English translation of the same is enclosed.

It is likely that the majority of the

Las
Alu
10.10

labourers may go for work to-morrow in Nandydroog mines.

Mr. P.R.K. Sharma approached the Assistant Commissioner ^{of labour} and requested him to conduct secret ballot with regard to Mysore Mine labourers but was replied that it could not be done as there has already been an illegal strike. Some maistries are reported to have advised the labourers of the Mysore mine to resume work but to no purpose. It is also ascertained that Mr. P.R.K. Sharma has put up a notice at the Labour Union Office mentioning that the strike is legal in view of the fact that the secret ballot was not taken by the Labour Assistant Commissioner within a fortnight of the Labour Associations committee praying a resolution in the matter. Mr. P.R.K. Sharma has also written a letter to the Register of Associations that the workers are kept ^{out} of work, only by the notices of the Superintendents of the 6th instant and that this notice tantamounts clearly to the declaration of an illegal lockout and that the Association requests the Registrar to declare it as such.

It is further reported that K.C. Phillips, Vajravelu Chetty and Sundaraja Iyengar are meeting the K.G.F. labourers at Bishanatham on the morning of 11-10-42.

Yours sincerely,

SD/- N. PUTTARANGASWAMY,

LABOUR UNION OF HANIDYDROOG MINE.

THE REQUEST OF THE PRESIDENT, COMMITTEE MEMBERS AND REPRESENTATIVES ON BEHALF OF THE LABOURERS.

Friends,

On Monday the 5th October 1942 the President and the committee members ~~and~~ went from line to line and requested you all to come to the Union Office. Accordingly people from all the lines came. On that day it was resolved by the President, Ten committee members and another ten representatives of the labourers, to meet the Government authorities to settle these following matters i.e. to redress our grievances. We met the labourers' commissioner, Conciliator and the Law Minister on the 6th. We could not meet the Dewan since he was indisposed. We represented our grievances before the above three authorities for hours together to enable us to come to an amicable settlement with the company.

In response to our humble requests, it was said by them that the labourers should go to work as usual. After they resume work the committee members and other representatives of the labourers who are elected on 5th will try their level best to solve this problem to the entire satisfaction of the labourers.

So our humble request in this connection is that all of you should go to work to-morrow and thereby fulfil our aims. Please - Do not lend your ears to ill-advice. We felt very much on seeing the notice which was published by the company on 7-10-42 and we saw those whom we had to see in that connection to set matters right. So if we go to work until and the company were to refuse to take as far as it is the fault of the company and not ours. So all of you are requested to go to work according to your shift. Maintain the Sangham. Sangham won't try to undermine the labourers.

Yours faithfully,
President, Committee members
& the representatives of the
labourers.

In continuation of my report of yesterday, I beg to state that it is reported that Gandhi Jayanthi was celebrated at the Municipal High School, Bowringpet on 8-10-42 under the Presidentship of the Headmaster. Two boys and 3 teachers spoke about the life of Gandhi whose photo had been kept fully decorated. National songs $\frac{1}{2}$ were sung by girl students and Pansupari and Sugar packets were distributed after the function. The Mohamadan boys did not take part in the function and had absented themselves on the score that the hindu boys did not join with them during Prophets Birthday Celebrations.

Permission has also been granted to the Youth League of Bowringpet to celebrate Gandhi Jayanthi on 12-10-42 subject to certain conditions. This Youth League is said to be in existence for the past 7 years but was not at all functioning for 3 to 4 years. After the present situation it has commenced to work regularly and the members are paying 0-1-0 each per month. They have a free reading room in one of the buildings of Raja Adinarayana Setty where they meet and discuss matters relating to the same. They have recently put up a board stating that no political matters should be discussed in the reading room. The marginally noted persons are the sympathisers and have

SECRET

No. 5/41-42/S.B.

Bangalore,
Oct. 11, 1942.

Forwarded, with compliments, to the Chief
Secretary to Government, for information

INSPECTOR-GENERAL OF POLICE
IN MYSORE.

Letter dated the 6th October 1942 from Mr. P.W.K. Sharma
President, Labour Association, Mysore Mine, Marikuppam, to the
Registrar of Associations in Mysore, New Public Offices, Bangalore.

A lock-out has been declared in the Mysore Mines by Mr.
C.B. Taylor, the Superintendent, as per his printed notice dated
6-10-42 which runs as follows :-

"Owing to the action of employees in striking work illegally
and their failure to resume work in accordance with the Notice
issued on 3rd October Mine operations will not be resumed until
there are assurances of continuous operations".

The lockout is inconsistent and contrary to the
Superintendent's letter dated 5-10-42 to the Association which
is fully quoted below :-

"In reply to your letter No.142/363 of to-day's date,
the company cannot consider resuming work to-day, 5th October,
as the underground supervisory staff are working 12 hour shifts
keeping the necessary machinery working. The company is,
however, prepared to allow all employees to resume their
respective shifts on Wednesday, the 7th instant, provided that
the usual men required for inspection and essential services
come to work for the morning shift to-morrow, Tuesday, the 6th".

The Superintendent issued on 3-10-42 the following notice
to the workers

"Your strike having been declared illegal by Government
it is within the power of the Company to close the Mine until
further notice, but realising the hardships which this could
cause loyal workmen, the Company is prepared to overlook this
illegal strike provided only that the usual men required for
inspection and essential service come to work for the morning
shift to-morrow, Sunday, the 4th October and all employees
resume their respective shifts on Monday the 5th October".

A copy of the above notice was forwarded to the Association
for information.

Under the direction of the Executive Committee of the
Association I addressed to the Superintendent on the same date
at about 8 in the night stating that the Executive of the
Association desired to discuss with him the contents of the

above notice. The following was received from the Superintendent immediately at about 10 p.m.

"In reply to your letter just received, I am unable to see that any good purpose would be served at this moment in meeting a deputation of your committee as I feel that there is nothing I can add to the notice issued this afternoon. but in the event of the labourers returning to work in accordance with the notice I could be over-ruled to meet you and discuss the points you wish to put before me".

The Executive Committee of the Association considered the Superintendent's notice dated 3-10-42 and his reply to the Association's letter thereon, and decided on the 4th instant to direct the workers to resume work and the decision was communicated in the morning of 5-10-42 to the Superintendent. The enclosed is the full text of the letter to the Superintendent.

In reply to the letter, the Union got the following reply according to which the workers were allowed to resume work on the 7th, as directed by the Association.

In the/meanwhile the superintendent has issued the notice dated 6-10-42 making it impossible for the workers to resume work. It has also been rendered impossible for the Union to implement its decision. Under the circumstances, the union has written the letter No.143/365 to the Superintendent, a copy of which is enclosed for your information.

In the light of the above, it will be clear that the workers are kept out of work only by the notice of the Superintendent of the mines dated 6-10-42. Taking into consideration all the above circumstances, the Superintendent's notice dated 6-10-42 tantamounts clearly to the declaration of an illegal lockout and the Association, therefore, requests you to declare it as such under the Mysore Labour Act and help the workers by clearing the position. If you feel a discussion of the position is necessary, the Association is prepared to meet you and elucidate the matter further.

Thanking you,

COPY

Dated, Kolar, the 11th October 42.

Memo. No. C.C. 2/42-43.

Forwarded with compliments to the Chief Secretary to Government
of Mysore, Bangalore.

Deputy Commissioner, Kolar Dt.

Letter dated the 6th October 1942 from Mr. P.R.K. Sharma President, Labour Association, Mysore Mine, Marikupam, to the Registrar of Associations in Mysore, New Public Offices, Bangalore.

A lock-out has been declared in the Mysore Mines by Mr. C.B. Taylor, the Superintendent, as per his printed notice dated 2 which runs as follows :-

"Owing to the action of employees in striking work illegally and their failure to resume work in accordance with the Notice issued on 3rd October Mine operations will not be resumed until there are assurances of continuous operations".

The lockout is inconsistent and contrary to the Superintendent's letter dated 5-10-42 to the Association which is fully quoted below :-

"In reply to your letter No.142/363 of to-day's date, the company cannot consider resuming work to-day, 5th October, as the underground supervisory staff are working 12 hour shifts keeping the necessary machinery working. The company is, however, prepared to allow all employees to resume their respective shifts on Wednesday, the 7th instant. provided that the usual men required for inspection and essential services come to work for the morning shift to-morrow, Tuesday, the 6th".

The Superintendent issued on 3-10-42 the following notice to the workers -

"Your strike having been declared illegal by Government it is within the power of the Company to close the Mine until further notice, but realising the hardships which this could cause loyal workmen, the Company is prepared to overlook this illegal strike provided only that the usual men required for inspection and essential service come to work for the morning shift to-morrow, Sunday, the 4th October and all employees resume their respective shifts on Monday the 5th October".

A copy of the above notice was forwarded to the Association for information.

Under the direction of the Executive Committee of the Association I addressed to the Superintendent on the same date at about 8 in the night stating that the Executive of the Association desired to discuss with him the contents of the

above notice. The following was received from the Superintendent immediately at about 10 p.m.

"In reply to your letter just received, I am unable to see that any good purpose would be served at this moment in meeting a deputation of your committee as I feel that there is nothing I can add to the notice issued this afternoon, but in the event of the labourers returning to work in accordance with the notice I could be prepared to meet you and discuss the points you wish to put before me"

The Executive Committee of the Association considered the Superintendent's notice dated 3-10-42 and his reply to the Association's letter thereon. and decided on the 4th instant to direct the workers to resume work and the decision was communicated in the morning of 5-10-42 to the Superintendent. The enclosed is the full text of the letter to the Superintendent.

In reply to the letter, the Union got the following reply according to which the workers were allowed to resume work on the 7th. as directed by the Association.

In the/meanwhile the Superintendent has issued the notice dated 6-10-42 making it impossible for the workers to resume work. It has also been rendered impossible for the Union to implement its decision. Under the circumstances, the Union has written the letter No.143/365 to the Superintendent, a copy of which is enclosed for your information.

In the light of the above, it will be clear that the workers are kept out of work only by the notice of the Superintendent of the mines dated 6-10-42. Taking into consideration all the above circumstances, the Superintendent's notice dated 6-10-42 tantamounts clearly to the declaration of an illegal lockout and the Association, therefore, requests you to declare it as such under the Mysore Labour Act and help the workers by clearing the position. If you feel a discussion of the position is necessary, the Association is prepared to meet you and elucidate the matter further.

Thanking you.

CC.162/42-43.

Dear Sir,

In continuation of my previous reports, I
used to state that the strike in the two mines continues.
Mr. Sharma too has gone to Bangalore to see the
Government officials. The general opinion is that the
labourers do not want to resume work unless some
benefit is derived by their strike.

S.R. Mahima Doss, Ag. Secretary of the
Mysore Mine has issued a Tamil printed notices stating
that their strike is legal and the company authorities
have illegally declared a lockout and that their
President has gone to Bangalore to discuss matters
with the Labour Commissioner. He also warns the
labourers not to spread or listen to false rumours
against their President and the Sangham but to co-
operate with them. A copy of the English translation
of this notice is enclosed.

The Acting Secretary of the Champion Reef
Labour Association has distributed Tamil printed
notices mentioning about the opening of the Weaving
Sangham on the 6th instant in Andersonpet thus
creating employment to many unemployees and reitera-
ting their difficulties and warning the labourers not
to heed to unwanted publications. A copy of the
English Translation is enclosed. / It is also
ascertained that K.C. Phillips has sent lengthy notices
for distribution here through one Moolingapuram
Muniswamy. He mentions in his notice that Mr. Sharma
was primarily responsible for his expulsion as mis-
understandings arose between them in connection with
the Sangham activities for which he was not paying
any interest at all. He also says that the Superint-

of the mines particularly of the Mysore Mine wanted him to be sent out some-how as he was found to be giving trouble to the mining authorities by writing harsh letters etc. As regards the strike he says that it was quite legal in as much as reasonable time had been allowed as per Labour Act for the authorities concerned to settle the matter or to hold a secret ballot and the question involved was failure of Service gratuity amount and not war allowance. Finally he says that either Mr. Sharma or the committee members cannot remove him from his office as Hon. Secretary of the Mysore Mine Labour Union and that all correspondence may therefore be addressed to him at Kuppam in future. Copy of the English Translation will be submitted to-morrow. K.C. Phillips is reported to have gone to Tirupathur on the 7th instant and he has not come back to Kuppam so far.

Yours sincerely,

Opportunity

ANSWERS TO THE DOUBTS OF THE LABOURERS.

Many companions come to Sangham office and ask "what is the determination? What is the determination?". There is no room for such question. Their attitude of the Sangham was already published on 5th. But many are talking as they like for their own benefits and this act is most regrettable and it is not surprising that the capitalists are trying to make use of this advantage. If the town is split into two, it is a pleasure to the dancer. The attitude of the Sangham :- After deep consultations and weighing all issues from all aspects of view and after consulting with the Council members in the committee meetings, one conclusion was arrived at as per their desire and for their success. It is only beneficial that all true labourers will cooperate with it. Some are trying to overthrow the Sangham at the present juncture. Some are attacking the Sangham representatives. For every act they are throwing some blames. This is not a big achievement. They are unnecessarily spreading false rumours. The notice that was recently published may be taken as an example. The companions will know how quiet false rumours are being spread. It is quite essential that the true labourers will act as per the desire of the Sangham and not give room for such false rumours and thereby protect their future.

Apart from the condition that is existing now, let us see the mischievous tendencies of the capitalists. We will also see closely how the Government officials also are siding them. Your Superintendent gave a petition to the Chief Conciliator that the strike should be considered as illegal. Labour Commissioner had written to the Conciliator that the strike was for the war allowance. Even though conciliation over the war allowance failed on 29th last, as the labourers had struck work within 14 days after the publication of the conciliation report in the Government gazette, this strike was proclaimed by the Conciliator as

as illegal. Is this reasonable? Nobody struck work for war allowance. Nobody in Gold Fields does not know that the strike was for gratuity amount. Even the dead body and unborn insect will adduce evidence to this effect. Did the Labour Commissioner ask the labourers or the Sangham to ascertain the cause of the strike? Is it not his duty. Conciliation over the gratuity amount ended on 27th August and it was published in the Gazette dated 3rd September. After the lapse of 14 days from this date, on 17th the Sangham determined to take votes for the strike. As per the Labour Act, the Labour Commissioner must take the votes. Therefore on 18th a notice was served on him and Sangham requested him to take votes within a week. The Sangham did not withdraw the notice even though it was asked to be withdrawn.

The time limit i.e. 25th also passed on. After a lapse of five days i.e. on 30th there was strike. It was only after the lapse of 14 days after the publication in the Gazette regarding the failure of the conciliation over the gratuity amount that the strike was conducted. So the report of the Labour Commissioner that the strike was for war allowance was false. The report of the conciliator that the strike was illegal was also false. Sangham request that this may be revealed to him and hereby the labourers may be protected by withdrawing the order. But the reply given to this could not be acceptable. It is confusing. The Sangham stands forward to continue arguing over this issue. The companions must know all these things, should not give room for any mischievous rumors and cooperate with the Sangham by conducting themselves in a calm, peaceful and disciplined manner.

We will look to the activities of the company authorities.

published a letter to the labourers. What had he said in that? "The Government had considered the strike illegal. But they were not going to mind this much. Nor are they going to uphold even this. Let ^{some} ~~Sharma~~ come for work on Sunday and others on Monday the 5th". They had sent this to the Sangham also. The committee members

s letter at 11 am. on 4th October and

and this was intimated to the Mining Superintendent for which he had written that nothing beneficial would arise out of this in his opinion and that he was not in a position to say anything more. but he had mentioned that if the labourers were to resume work as per the notice, it would facilitate him to meet him and discuss all matters that he wanted to discuss. So Sangham determined to send the labourers for work. This resolution was immediately sent to the Superintendent. An immediate reply from the Superintendent on 5th was received. As it was not possible to resume work he had expressed that important workmen on 6th and others on 7th would be permitted to resume work. The Sangham was pleased over this. The labourers also were prepared to resume work. in spite of their differences of opinion. But all of a sudden the Superintendent threw a bomb. He published a notice on 6th forgetting the above mentioned conciliatory talks he had said that as the labourers did not resume work as per the notice on 5th the mining work cannot be opened. Even though he had showed his willingness to permit the labourers on 7th. he said in his notice dated 6th that the mining work was under lockout. Sangham wrote a letter to the ~~Sangham~~ Superintendent that the lockout was unjust. It has not stopped there. It has sent a petition also to the Chief Conciliator that the lockout should be treated as illegal. If it is treated as illegal the company authorities are liable to a fine of Rs. 2,500 as per the Labour Act (S. 29). In addition to this there will be daily wages also. The reply to the letter by the Sangham date 6th wherein the willingness to meet the Superintendent to clear some doubts was most surprising. He had replied on 9th that he was satisfied and nothing beneficial would arise out of his meeting him. In our letter we had written that the labourers are willing to resume work and if the mining authorities were to open the shops and shafts, this question will be considered by the Sangham again. It is because of lack of unity in us, many are speaking as they like and

are trying to create a split. Is this the way to carry on peaceful work. The feelings of the labourers are being kindled by the attitude, words and action of the authorities. The Sangham President and others had left for Banalore to see the Chief Conciliator to discuss the legality of the lock-out.

Companions! Do not hit your own eyes. Do not try to weaken the Sangham which was achieved after undergoing immense difficulties. Some may try to prejudice your minds over the ^{president} previous and the Sangam by spreading false rumours to achieve their own benefits. You must use your common sense, and the Sangham requests you to behave yourselves with sound feelings at this present juncture.

LONG FLOURISH RED FLAG!

CHAMPION REEF L BOUR SANGHAM.

Companions! As per the last announcement weaving sangham was opened on 6-10-42 at the building situated opposite to Permanent Talkies, Andersonpet and within a course of a few days it will be established in the mining Drama Hall. Unemployed brothers and sisters and also mothers who spend their time unnecessarily can become members of the above sangham and learn the arts of weaving and through this relieve the family difficulties to some extent. Those who want to know more particulars may come to sangham office without any fear and learn those things.

No conciliation was arrived at over the question of war allowance. As per the Labour Act, the sangham will take due action. sangham requests that everybody should attend to his own work without paying heed to unwanted publications.

Yours,

Andersonpet.

Dear Sir

day, I beg to state that it is reported that Messrs. Sharma, Ramji and Acharya returned from Bangalore this morning the Labour Commissioner came here. Mr. Sharma took about 200 labourers of Mandydoo, as well as of Mysore Mines to the Labour Commissioner

Electricity Department authorities and the members of the Union relating thereto regarding the standing orders.

Further developments are being watched.

A copy of the English Translation of the Tamil notice issued by K. G. Phillips referred to in my Special Branch Report of yesterday is enclosed.

Yours sincerely,

SOME MINE LABOUR SANGHAM.

EXPULSION ORDER AND ITS REASONS.

Dear Companions! You may be eager to know as to why I was suddenly arrested by the Police at 9 p.m. on 20th Sept. and given an order to go out of Bodringpet Taluk. I myself do not know the reason. The reason showing the order is that I was considered a hindrance to the calm atmosphere here by the District Magistrate and it was considered

asked not to enter this area until permission was

IS THIS THE RESULT FOR TRUE SERVICE

I have never acted in any way hindering the Indian Defence nor general calm atmosphere. To tell you the fact, the authorities themselves are well aware that I have been serving for the defence of India well as for the general calm atmosphere. The authorities are indebted to me for not having let the Mysore mine labourers to mingle in the troubles that were raging in Champaign and Oorgaum last April and also in the congress trouble that began in the month of August. It is a fact that I thought that the labourers should not for their own rigidity and comforts, mingle with such troubles, had forced me to take up this attitude. It cannot be said that I or you have no feelings when we hear that the leaders have been subjected to suppressive methods and our brothers are also subjected to all sorts of troubles.

Even though it has not been possible to keep out in view of our own interests and especially at the time when our country is being threatened by Japan and other fascist powers, it was thought better that we should not

IS THIS THE RESULT OF MY ATTEMPT TO UNITE : It is a falsehood that

I was meeting the old committee members in Malavalli lines and near Permanent Talkies and conversing with them congress matters that am I to do in case the old committee members came to me to ask about the sangham affairs? and this meeting was construed as suspicious? It is quite essential that after the election, everybody should move closely. There is equal right for those who have been defeated also. Some times, some committee members may be the members of the congress or any other party. It is impossible not to talk with them because of this. I cannot be stopped from talking with such members so long as they are members of the sangham and they are labourers. There are reasons why the labourers are not successful completely. The capitalists and mischief mongers undertake the cunning habit of ruling by calling the labourers old committee members and new committee members. It is only because I thought that the work undertaken by the labourers will be completely successful if these two parties are united. I was dealing with them also for the next few months. It is only with this attitude ahead of me that I was showing peculiar interest in the old committee members. If I had only had the opportunity of remaining in that area for a longer time I would have united all the parties. The Government, perhaps, realising this, might have expelled me. Even though I may not be there, you yourselves consider

IS THE FAILURE OF CONCILIATION OVER THE GRATUITY AMOUNT THE CAUSE?

There is another cause also to be doubted. During the conciliation over the gratuity amount, the leaders were prepared to agree to the sum of Rs.50/- as the gratuity amount. I was not for it and it may be due to this that the conciliation has failed. I would have raised no objection if the labourers were willing to accept. It is only over the question of this gratuity amount that they were averse in 1940 and in view of the general opinion amongst the labouring class that the service amount at the rate of Rs.15 days' wages per year, I was not prepared to accept to this proposal. I did not like to do

going quite against the will of the labourers and force them on their heads. As all our efforts failed to bring in a satisfactory settlement during the conciliation over the gratuity amount the committee passed a resolution that secret ballot should be taken by the Assistant Labour Commissioner to know the general opinion of the labourers for strike and a letter was also sent to the Assistant Labour Commissioner. This resolution was sent to Dewan, Labour Minister, Chief Conciliator, Labour Commissioner. The Labour Commissioner had requested the

promised to do something in the matter on 21-8-1942, when he would come to this area from Bangalore. As the President had gone to Madras, I met the Commissioner on 20-9-42 as per his desire.

This question must be settled without any strike. I informed him that the labourers were not willing to accept anything less than 15 days wages per year as gratuity amount and if it was not given there was no other go except to strike. I also informed him that if the labourers had determined to strike - this time the labourers will also include those who are working in the bungalows - then the Europeans would be put to much troubles and that they themselves would be subjected to such troubles and it was better if they could grant the reasonable demands of the labourers. It is better to give 2 month's wages before the strike. But after the strike, they will have to give one month's wages. So I told them that it would be better to settle these issues

atmosphere then I will have to say that such legislations are not wanted. Labourers are being deceived in the name of legislation. When this legislation is affecting the Government and the capitalists, what is the meaning in bringing in more legislations. If the labourers had known the inner meaning of the beneficial Labour Act, they would not have accepted this. If my conduct as per the Labour Act is considered harmful, it would have been better if the people had been asked to obey then and there as per the oral orders instead of deceiving these people by passing these legislative measures. It is not reasonable on my part if I say that the officers themselves are violating the very rules they have prescribed for others. I cannot believe that ~~the~~ I have been exported only as a result of it

IS THIS THE MISCHIEF OF THE COMPANY AUTHORITIES

I have to doubt whether the exportation order on me may be due to the Mysore Mine Superintendent and other Superintendents. They have been complaining that I was writing letters often and I was using harsh words in it and I do not give any leisure to the leader or other committee members in view of my troubling them with all sorts of questions. I do not know whether Taylor will become mad in case I were to use harsher words while could be afraid of letter with milder terms. Even though the leader was not attending to the Sangham work and even though other members were not taking their interest in the Sangham work, I was doing completely the Sangham work for the past 9 months irrespective of the fact whether or not the labourers had belief in me. I never liked to call the Sangham, a Sangham for its name sake. The capitalist had come to know that there was no other person in the Sangham to give troubles except myself. So when ever I wanted to see the Superintendent, he had sent word that he was otherwise engaged and he had also passed rules that I should not enter Edgar's shaft and I should not see

Departmental heads. It was their fault for not giving me opportunities. Taylor was not able to achieve his ends even though he had captivated COMMISSIONER MATHIAS and Anthony to his side. Every letter that I wrote was taken by Taylor and shown to Labour Commissioner and Police Superintendent. There was also some rumour what action could be taken against me. The Police Superintendent realised that I had not acted contrary to the legislation even to some extent did not give much weight to these things. But the Labour Commissioner had prescribed that the Secretary should do his duty but not the duty of the President. Even though I was doing my work as the other representatives were not doing their work I wanted to get a bad name for everybody. As the labourers were subjected to many difficulties, to remain quiet quite impossible. Even the Labour Commissioner felt

THE DANCE OF THE SELF INTERESTED GHOST : I think it quite necessary to publish some facts that happened there prior to my departure. The President is getting Rs.150/- per month. He does not come to Sangham Office even for one hour to attend to his work during the stay of 8 or 10 days in K.G.F. Office attender Benny was asked to work from 10 to 12 hours every day without any extra remunerations. He was asked to go and attend

was established for this purpose. If this had been stopped the Sangham amount would have been utilised otherwise. At the committee meeting ~~regarding this~~ held on 17-9-42 there was a heated discussion and

companion Sharma. I ~~was~~ warned him that he should better leave his position before publishing the names of these members who give information to the company, Police and Contractors about which I was collecting information. Even though I am entitled to the honorium that others are getting, I did not get any thing. I did not get any amount for my food expenses. Because I was considered to be a hindrance to those who are getting Rs.100/- to 150 and are getting money for their house-rent electric and water charge and wages for the thoti etc. Sharma and others might have been responsible for my exportation. The members may be well aware that Sharma was cunning enough to suppress facts and was expressing only to those on whom he had confidence.

P.R.K. Sharma, Anthony, Doraiswamy, P.S. Devaraj, C. Venkatarayalu, Kuppuswamy and other members, knowing fully well that they cannot wag their tail so long as I remain in K.G.F. paved a way for my exportation. On the 18th night B. Kuppuswamy and C.I.D. Kannan were ascertained been talking till 2 a.m. On the advice of Kuppuswamy C.I.D. Kannan was ascertained to have made a report that I conduct in this version served on me a prohibitory order.

P.R.K. Sharma. I explained to him everything in detail. This was my duty. He explained that this had been decided while he was in K.G.F. itself. V.A. Doraiswamy who had also gone there expressed in the same way. He did not come forward to take any action. When expressed my desire to go to Kuppam, he asked me to go back to my native place. He said that there would be confusion in case I meet the commi

afraid of this. I determined to come here with a view to save the labouring class from the mischievous elements.

He had issued an order removing me from the responsibilities of the Secretaryship and has asked me that I should not do anything in the name of the Sangham in the capacity of its Secretary. The power to remove me from my Secretaryship lie in the hands of the labourers. Perhaps this has been forgotten by Sharma. This Secretaryship was not achieved by me from Companion Sharma or the committee members. This is pure ignorance for taking such a bold step to remove me within ten days after my exportation without consulting me and the innumerable labourer

Why is it that a separate leader was not selected because he did not mind his work for over 20 to 25 days in the months of January and February even though he was getting regularly his remuneration from outside places? Even though the prohibitory order was in force on me and the leader now were we conducting the Sangham work in the capacity of the Secretary and the President? Now even though I may not enter A.G.P. I am attending to Sangham work from outside. As per the resolution of your representatives I have opened an office here. All correspondences may be addressed to SECRETARY, MYSO LABOUR SANGHAM, KUPPAM POST, CHITTOOR DISTRICT. I challenge whether he will be able to get ten signatures to remove me from my position or whether he can get ten signatures to maintain his position even though he m

bribe th

No more could the labourers be deceived if the leader were to go to Madras one day prior to my exportation order - close the Sangham office for 2 days to show his sympathy - shed false tears

It is certain that his cunning expressions can no more succeed

WAR ALLOWANCE : The conciliation over the war allowance also failed. From the notice that was published by Sharma and Acharya, it is clear that even though they demanded minimum war allowance, the capitalists did not agree. If the demand were to be less than the reasonable demand, the capitalists will just see whether this demand also can be still more minimised. These people are simply obstructing the labour from getting their due and reasonable allowance.

STRIKE - AS PER LABOUR ACT : In view of the failure of the conciliation over the gratuity amount, the labourers realised that they will not be benefited without strike, have struck work for the past fifteen days. The Sangham appreciates you for having waited patiently till the day when you should start work as per the Labour Act. Even though the capitalists have been stubborn in not having given due war allowance and even though much grief has been borne by you for the exportation of your Secretary from you, your strike has certainly been due to the failure of conciliation over the gratuity amount.

Capitalists and their supporters are saying that the strike is illegal. The failure of the conciliation over the service amount

attempts to bring in a satisfactory settlement failed, the only one course i.e. strike was open to the labourers - there was a right to strike work fourteen days after 3rd September (17th Sept. 1942) as per the Labour Act. This is quite legal as per the Labour Act. But as per the separate rule of the Sangham - are the members prepared to strike work? or to go for work? This is the duty of the Labour Commissioner.

A resolution passed on 17th that the Labour Commissioner should take the voting in order to ascertain the general opinion

further time also. It is not the mistake of the Sangham or the labourers not to have taken the votes of the labourers.

If we had stopped work over the question of the war allowance, it would have been illegal. Even

Even though the conciliation has failed, as per the Labour Act some days should pass on. It is not just to call this strike illegal on the ground that the strike was conducted over the question of war allowance. This strike can never be over the question of war allowance. As the labourers were much dissatisfied over the question of war allowance, it would be difficult for them to resume work. Unless and until sufficient war allowance is given to them. I request that the capitalists will concede to the reasonable demands of the labourers thereby not inviting any troubles for themselves as well as to others. I further request that you should not give room for any unnecessary troubles and confusion and you should behave yourselves in the peaceful, disciplined and preserving manner.

J. L. Senadew
INSPECTOR GENERAL OF POLICE

Dear Sir,

In continuation of my report of yesterday, I beg to state that it is reported that Messrs. Sharma T.L.A. Acharya and P. Ramachandra had a discussion with the Labour Commissioner yesterday. About 200 labourers both of Mysore and Nandydroog Lines had also collected outside. After some time the labourers of Nandydroog mine went home to take their food while those of Mysore mine remained there without food awaiting an answer from the Labour Commissioner. In the evening the Labour Commissioner advised them that they should first resume work when their demands would be favourably considered by the authorities concerned. In the evening the Nandydroog mine labourers also came. The Labour Assistant Commissioner advised them similarly and said that the Labour Commissioner has come here to settle matters regarding the standing orders and not about the strike. Later, Mr. Ramachandra also advised the coolies to resume work. The labourers went away dissatisfied with the reply given. In the night the members of the Nandydroog and Mysore mines Labour Associations arranged for beat of tom tom requesting the labourers to resume work. The same composition in the Orienta and Henry shaft lines for beat of tom tom was also made and they went to work this morning.

The members of the working committee of the Electric Department / Labour Association met at their office yesterday and discussed matters relating to the standing orders.

Gandhi Jayanthi was not celebrated by the Youth League of Bowringpet on the 10th instant as

previously arranged as they did not like to celebrate
the same under the conditions imposed.

Yours sincerely,

Dear Sir,

In continuation of my report of yesterday, I beg to state that it is reported that Messrs Sharma, Ramji and Acharya returned from Bangalore. This morning the Labour Commissioner came here. Mr. Sharma took about 200 labourers of Nandydroog as well as of Mysore Mines to the Labour Commissioner. The Labour Commissioner first discussed with K.G.F Electricity Department authorities and the members of the Union relating thereto regarding the standing orders.

Further developments are being watched.

A copy of the English Translation of the Tamil notice issued by K. C. Phillips referred to in my Special Branch Report of yesterday is enclosed.

Memo.No. C.C. 2/42-43.

Forwarded with compliments to the Chief Secretary to Government of Mysore, Bangalore.

T. Ramaia
Deputy Commissioner, Kolar District.

MYSORE MINE LABOUR SANGHAM.

EXPORTATION ORDER AND ITS REASONS.

Dear Companions! You may be eager to know as to why I was suddenly arrested by the Police at 9 p.m. on 20th Sept. and given an order to go out of Boringpet Taluk. I myself do not know the reason. The reason shown in the order is that I was considered a hindrance to the calm atmosphere here by the District Magistrate and it was considered quite essential that I should leave this area and I was asked not to enter this area until permission was accorded to me.

IS THIS THE RESULT FOR TRUE SERVICE :

I have never acted in any way ~~hindering~~ hindering the India Defence nor general calm atmosphere. To tell you the fact, the authorities themselves are well aware that I have been serving for the defence of India well as for the general calm atmosphere. The authorities are indebted to me for not having let the Mysore mine labourers to mingle in the troubles that were raging in Champion and Oorgaum last April and also in the congress troubles that began in the month of August. It is a fact that the thought that the labourers should not for their own rights, unity and comforts, mingle with such troubles, had forced me to take up this attitude. It cannot be said that I or you have no feelings when we hear that the leaders have been subjected to suppressive methods and ~~over~~ other brothers are also subjected to all sorts of troubles.

Even though it has not been possible to keep in view of our own interests and especially at the time when our country is being threatened by Japan and other fascist powers, it was thought better that we should not mingle in this struggle.

Only with a view that no danger should befall the labourers, we have been keeping aloof from these political parties. In spite of this, the Defence of Act was applied to me.

IS THIS THE RESULT OF MY ATTEMPT TO UNITE : It is falsehood that I was meeting the old committee members in Malayali lines and near Permanent Talkies and conversing with them. What am I to do in case the old committee members come to me to ask about the situation? and this meeting was construed as suspicious? It is quite essential that after the election everybody should move closely. There is equal right for those who have been defeated also. Some times some committee member may be the members of the Congress or any other party. It is impossible not to talk with them because of this. I cannot be stopped from talking with them. They are labourers. There are reasons why the labourers can not succeed completely. The Capitalists and mischief mongers undertake the cunning habit of ruling by calling the labourers old committee members and new committee members. It is only because I thought that the work undertaken by the labourers will be completely successful if these two parties are united. I was dealing with them also for the past few months. It is only with this attitude ahead of me that I was showing peculiar interest in the old committee members. If I had only had the opportunity of remaining in that area for a longer time I would have united all the parties. The Government, perhaps, realising this, might have exported me. Even though I may not be there, you yourselves consider this and be united.

IS THE FAILURE OF CONCILIATION OVER THE GRATUITY AMOUNT THE CAUSE

There is another cause also to be doubted. During the to agree to the sum of Rs.60/- as the gratuity amount. I was not for it and it may be due to this that the conciliation has failed. I would have raised no objection if the labourers were willing to accept. It is only over the question of this gratuity amount that there was a strike in 1940 and in view of the general opinion amongst the labouring class that the service amount at the rate of Rs.15 days wages per year, I was not prepared to accept to this proposal. I did not like to do a

thing quite against the will of the labourers and force them on their heads. As all our efforts failed to bring in a satisfactory settlement during the conciliation over the gratuity amount the committee passed a resolution that secret ballot should be taken by the Assistant Labour Commissioner to know the general opinion of the labourers for strike and a letter was also sent to the Assistant Labour Commissioner. This resolution was sent to Dewan, Labour Minister, Chief Conciliator, Labour Commissioner. The Labour Commissioner had requested the Asst. Labour Commissioner to withhold the letter and promised to do something in the matter on 21-8-1942. When

President had gone to Madras, I met the Commissioner on 20-9-42 as per his desire. It was talked over that this question must be settled without any strike. I informed him that the labourers were not willing to accept anything less than 15 days wages per year as gratuity amount and if it was not given there was no other go except to strike. I also informed him that if the labourers had determined to strike - this time the labourers will also include those who are working in the bungalows - then the Europeans would be put to much troubles and that they themselves would be subjected to such troubles and it was better if they could grant the reasonable demands of the labourers. It is better to give 4 month's wages before the strike. But after the strike, they will have to give onemonth's wages. So I told them that it would be better to settle these issues than itself. I have not done anything till now contrary to any legislative act. In consequence of the the resolution that service amount should be raised and subsequent correspondences and the failure of the conciliatory talks, the labourers had to strike work as per the Labour Act. If my behaviour as per the Act is

atmosphere then I will have to say that such legislations are not wanted. Labourers are being deceived in the name of legislation. When this legislation is affecting the Government and the capitalists, what is the meaning in bringing in more legislations. If the labourers had known the inner meaning of the beneficial Labour Act, they would not have accepted this. If my conduct as per the Labour Act is considered harmful, it would have been better if the people had been asked to obey then and there as per the oral orders instead of deceiving these people by passing these legislative measures. It is not reasonable on my part if I say that the officers themselves are violating the very rules, they have prescribed for others. I cannot believe that ~~QND~~ I have been exported only as a result of this.

IS THIS THE MISCHIEF OF THE COMPANY AUTHORITIES ?

I have to doubt whether the exportation order on me may be due to the Mysore Mine Superintendent and other Superintendents. They have been complaining that I was writing letters often and I was using harsh words in them and I do not give any leisure to the leader or other committee members in view of my troubling them with all sorts of questions. I do not know whether Taylor will become mad in case I were to use harsher words while he would be afraid of letter with milder terms. Even though the leader was not attending to the Sangham work and even though other members were not taking their interest in the Sangham work, I was doing completely the Sangham work for the past 9 months irrespective of the fact whether or not the labourers had belief in me. I never liked to call the Sangham, a Sangham for its name sake. The capitalist had come to know that there was no other person in the Sangham to give troubles except myself. So when ever I wanted to see the Superintendent, he had sent word that he was otherwise engaged and he had also passed rules that I should not enter Fogar's Shaft and I should not see

Departmental heads. It was their fault for not giving me opportunities. Taylor was not able to achieve his ends even though he had captivated companions Sharma and Anthony to his side. Every letter that I wrote was taken by Taylor and shown to Labour Commissioner and Police Superintendent. There was also some rumours what action could be taken against me. The Police Superintendent realised that I had not acted contrary to the legislation even to some extent did not give much weight to these things. But the Labour Commissioner had prescribed that the Secretary should do his duty but not the duty of the President. Even though I was doing my work, as the other representatives were not doing their work I never wanted to get a bad name for everybody. As the labourers were subjected to many difficulties, to remain quiet was quite impossible. Even the Labour Commissioner felt sorry that the leader was not doing his work properly even though he was in the headquarters.

THE DANCE OF THE SELF INTERESTED GHOST : I think it quite necessary to publish some facts that he announced them prior to my departure. The President is getting Rs.150/- per month. He does not come to Sangham Office even for one hour to attend to his work during the stay of 8 or 10 days in K.G.F. Office attender Benny was asked to work from 10 to 12 hours every day without any extra remunerations. He was asked to go and attend to the family work of Sharma. I was putting an end to all these things. I was warning Sharma also. In addition to his not coming to the Office type-writer, Books, files, letter pads, chairs, tables, were asked to be taken to his house and the attender, the Secretary and other members were asked to go and work in his house. If I ask him these things, he states that all the 8,000 labourers should obey him. I did not look nice to have the Sangham work in his house, when an office

was established for this purpose. If this had been stopped the Sangham amount would have been utilised otherwise. At the committee meeting regarding this held on 17-9-42 there was a heated discussion regarding this between myself and companion Sharma. I warned him that he should better leave his position before publishing the names of these C.I.D. members who give information to the company, Police and contractors about which I was collecting information. Even though I am entitled to the honorarium that others are getting. I did not get any thing. I did not get any amount for my food expenses. Because I was considered to be a hindrance to those who are getting Rs.100/- to 150 and are getting money for their house-rent electric and water charges and wages for the thoti etc. Sharma and others might have been responsible for my exportation. The members may be well aware that Sharma was cunning enough to suppress facts and was expressing only to those on whom he had confidence.

P.R.K. Sharma, Anthony, Voraishwamy, P.S. Devaraj, C. Venkatarayalu. Kunnawamy and other members, knowing fully well that they cannot do anything as I remained in K.G.F. paved a way for my exportation. On the 18th night B. Kuppuswamy and C.I.D. Kannan were ascertained to have been talking till 2 a.m. On the advice of Kuppuswamy C.I.D. Kannan was ascertained to have made a report that I conducted a congress meeting and the District Magistrate having belief in this version served on me a prohibitory order.

After my exportation I went to Madras straight and met P.R.K. Sharma. I explained to him everything in detail. This was my duty. He explained that this had been decided while he was in K.G.F. itself. V.A. Voraishwamy who had also gone there expressed in the same way. He did not come forward to take any action. When expressed my desire to go to Kuppam, he asked me to go back to my native place. He said that there would be confusion in case I meet the committee members again, and that I should not remain in Kuppam. Perhaps he must have been using his influence to drive me out of Chittoor District also or get me arrested. I am not

afraid of this. I determined to come here with a view to save the labouring class from the mischievous elements.

He had issued an order removing me from the responsibilities of the Secretaryship and had asked me that I should not do anything in the name of the Sangham in the capacity of its Secretary. The power to remove me from my Secretaryship was in the hands of the committee. Perhaps this has been forgotten by Sharma. If the Secretaryship was not achieved by me from Companion Sharma or the committee members. This is pure ignorance for taking such a bold step to remove me within ten ~~ten~~ days from my exhortation without consulting me and the unnumerable labourers.

Why is it that a separate leader was not selected because he did not mind his work for over 20 to 25 days in the months of January and February even though he was getting regularly his remuneration from outside places? Even though the prohibitory order was in force on me and the leader how were we conducting the Sangham work in the capacity of the Secretary and the President? Now even though I may not enter K.G.F. I am attending to Sangham work from outside. As per the regulation of your representatives I have opened an office here. All correspondences may be addressed to SECRETARY, MYSORE NINE LABOUR SANGHAM, KUPPAM POST, CHITTOOR DISTRICT. I challenge whether he will be able to get ten signatures to remove me from my position or whether he can get ten signatures to maintain his position even though he may bribe them.

No more could the labourers be deceived if the leader were to go to Madras one day prior to my exhortation order - close the Sangham office for 2 days show his sympathy - set the flag down - shed false tea and then express that he is not in a position to help because the action taken was under the Defence of Indi

It is not in that his cunning expressions can no more succeed.

WAR ALLOWANCE : The conciliation over the war allowance also failed. From the notice that was published by Sharma and Acharya, it is clear that even though they demanded minimum war allowance, the capitalists did not agree. If the demand were to be less than the reasonable demand, the capitalists will not know whether this demand also can be still more minimised. These people are simply obstructing the labourers from getting their due and reasonable allowance.

STRIKE - AS PER LABOUR ACT : In view of the failure of the conciliation over the gratuity amount, the labourers realising that they will not be benefited without strike, have struck work for the past fifteen days. The Sangham appreciates you for having waited patiently till the day when you should strike work as per the Labour Act. Even though the capitalists have been stubborn in not having given due war allowance and even though much grief has been borne by you for the exportation of your Secretary from you, your strike has certainly been due to the failure of conciliation over the gratuity amount. Capitalists and their supporters are saying that the strike is illegal. The failure of the conciliation over the service amount was published in the Gazette dated 3rd September. As all attempts to bring in a satisfactory settlement failed, the only one course i.e. strike was open to the labourers - there was a right to strike work fourteen days after 3rd September (17th Sept. 1942) as per the Labour Act. This is quite legal as per the Labour Act. But as per the separate rule of the Sangham - are the members prepared to strike work? or to go for work? This is the duty of the Labour Commissioner. A resolution passed on 17th that the Labour Commissioner should take the voting in order to ascertain the general opinion if the labourers for strike was sent to him. We had given four days further time also. It is not the mistake of the Sangham or the labourers not to have taken the votes of the labourers.

If we had stopped work over the question of the war allowance, then the strike would have been illegal. Even

Even though the conciliation has failed, as per the Labour Act some days should pass on. It is not just to call this strike illegal on the ground that the strike was conducted over the question of war allowance. This strike can never be over the question of war allowance. As the labourers were much dis-satisfied over the question of war allowance, it would be difficult for them to resume work, Unless and until sufficient war allowance is given to them. I request that the capitalists will concede to the reasonable demands of the labourers thereby not inviting and troubles for themselves as well as to others. I further request that you should not give room for any unnecessary troubles and confusion and you should behave yourselves in the peaceful, disciplined and ^{persevering} ~~preserving~~ manner.

C. A. 2/11/42

Dear Sir,

In continuation of my report of yesterday, I beg to state that it is reported that there was a tom tom in all the lines of the Mysore mines yesterday requesting the labourers to resume work from today. This raised the feelings of some of the labourers. Sympathy towards K.C. Phillips is growing stronger. They persist that either the Company authorities or the Labour Commissioner should issue a notice asking them to resume work promising some concessions in the near future. They feel that Mr. Sharma should quit the place first before anything is obtained by them and they would prefer to continue the strike and suffer instead of resuming work. K.C. Phillips is mixing with A.T. Lakshmana Mudaliar, Shanmugam, Sundaraja Iyengar and others at Kuppam and is said to be sending information to K.G.F. with one Balanarayana, an un-employed. It is also ascertained that action is being taken to see that the Butlers and the servants including scavenger stop going for work so that the Europeans would create difficulties and then come to terms with them.

The strike in the Handwreck mines & also continues. The Superintendent of the Mine sent words through the Mine Overseer that nobody should tom tom in the lines. One Kannan went through Kennedy lines requesting the labourers to go for work. Again this morning he went through the lines in his underground dress requesting the labourers to follow him but none followed. Messrs. Ramji and Acharya asked the Labour Commissioner to permit

them to hold a meeting to advise the labourers to
resume work but no permission was given.

Yours sincerely,

SD/- N. PUTTARANGASWAMI.

Kolar District,
Dated Kolar, the 18th October 42.

Forwarded with compliments to the Chief Secretary to Govern-
ment of Mysore. Bangalore.

R. S. Srinivasan
Deputy Commissioner, Kolar Dt

Dear Sir,

In continuation of my report of yesterday. I beg to state that it is reported that the committee members of the Mysore Mine Labour Association met in the office and passed a resolution to persuade the coolies to resume work again. Accordingly the President and the members went to the lines and advised the coolies to do so but they showed resentment and their opinion was divided. Hence they came back and published printed notices to that effect to-day saying that the company authorities have no objection for taking the labourers on work and that the grievances would be considered after resumption of work. A copy of the English Translation is enclosed.

Similarly the members of the Manayuroog mine Labour Association published Tamil printed notice requesting the labourers to resume work. A copy of the English Translation is enclosed.

The President of the Mysore Mine Labour Association went to the lines with their working dress and asked the labourers to follow. The labourers thereafter about 200 in number went to Henry shaft but the authorities did not send them down as the cage and the cable had to be inspected. A few of the labourers and Mr.

went to the office of the Superintendent. The Labour Assistant Commissioner seems to have told the few labourers that were waiting near the office that what is published in the notice issued by the Association is not correct and that the Government cannot promise anything regarding their demand and that the strike is illegal, that they may resume work if they like and that if they resume work they should do so

in the shaft compound also came to the office thereafter when the Labour Assistant Commissioner and the President of the Association advised them again to resume work first unconditionally and also explained the reasons for not taking them for work that day. The Superintendent of the mine asked the essential service men to go over to the shaft at 3 p.m., the underground coolies for the night shift and the surface coolies the next morning, and the superintendent told that the labourers demanded bonus which they would lose if they were not taken for work to-day and the superintendent replied that it would be considered later. The essential service men have gone underground for examining the mine as required by the Superintendent of the mine in the afternoon shift. It is therefore expected that the Underground labourers would resume work during the night shift.

Perumal, Underground Foreman, Gifford Shaft, Champion Reef took some cement from Mr. J.K. Walker's section without his permission for his own use as a result of which some hot words passed between them this day morning and Mr.

Under David Perumal therefore stopped away from work. In the meanwhile Mr. Edward, Underground Chief Agent interfered and pacified the coolies saying that he would speak to the Superintendent of the mine with a view to taking action against Mr. Walker.

Yours sincerely,

SANGHAM'S LAST RESOLUTION.

IMMEDIATELY RESUME WORK.

authorities told the Labour Commissioner that they have no objection in allowing the labourers to resume work. They have escaped from the blame of LOCKOUT. If we do not resume work the entire blame of illegal strike will be thrown on us.

Labour Commissioner has told that the grievances arising out of service money, war allowance, surface contract grievances, reinstatements of labourers who were asked to go out of work in view of retrenchment will be attended to by him. If there is resumption of work, it will have a way for the Labour Commissioner and the other authorities to interfere and redress our grievances. So long as we are conducting this illegal strike, they will not be in a position to do us any help. In view of the continuance of the strike, we are the losers and our grievances will not be redressed immediately. Do not give room for any different ideas. With one mind resume work.

WANDYDROOG MINE LABOUR ASSOCIATION.

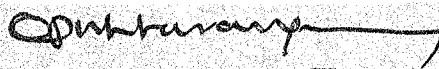

Friends! The strike that was started from the 30th of September 1942 has been prolonged without any settlement and causing dis-satisfaction among the labourers. It is known fact to one and all. From the date of this strike the Union has tried its best in all possible ways to bring about some settlement even though it could not proceed legally. But it is found impossible to arrive at some benefit. At present it is some of the primary questions that have caused much distress among the labourers. The questions regarding war allowance to the surface contract coolies and service gratuity in respect of those, who retire from work, have jointly caused these disturbances. All these matters have been explained to the Government officials. But the Government has not considered if only you all resume work!

Owing to the above fact and also to prevent the evils of the future if the strike were to be continued the union requests all to resume work. The Government have promised to settle the salient points favourably. The questions regarding war allowance will be settled favourably soon after the labourers resume work. So, all are requested to go to work to-morrow i.e. 15-10-42. This is the final decision of the Union. Have belief in the Union. The Union will not betray.

the Labour Assistant Commissioner and the President of the Association advised them again to resume work first immediately and also explained the reasons for not taking them for work that day. The Superintendent of the mine asked the essential service men to go over to the shaft at 3 a.m. one underground coolies, for the night shift and the surface

The labourers demanded bonus which they would have if they were not taken for work to-day and the Superintendent replied that it could be considered later. The essential service men have been engaged for examining the mine as required by the Superintendent of the mine in the afternoon shift. It is therefore expected that the Underground labourers would resume work during the night shift.

It is further reported that Mr. D. David, Undersecretary, Government of Mysore, has been appointed as a special agent to look after the situation at the mine.

On this day morning and Mr. Walker kicked the other. About 200 coolies working under David's personal direction stopped away from work. In the meanwhile Mr. Edward, Underground Chief Agent interfered and pacified the coolies saying that he would speak to the Superintendent of the mine with a view to taking action against Mr. Walker.

Yours sincerely,

Dear Sir,

In continuation of my report of yesterday. I beg to state that Tamil printed notices were distributed by the Mysore Mine Labour Association requesting the labourers to resume work to-day after which action would be taken to redress their grievances. An English translation of the same is enclosed herewith.

Accordingly about 4000 labourers collected before the Mysore Mine Labour Office. Mr. Sharma advised them to go to their respective Departments and await the arrival of the Labour Assistant Commissioner and the Superintendent of the Mine. Mr. Sharma followed by about 1000 labourers went to Edgar's Shaft. Later the number increased to 2500 when Mr. Sharma advised them to resume work and thus pave the way for further negotiations with the capitalists. The Labour Assistant Commissioner also advised them to resume work unconditionally as their strike is illegal. The Superintendent of the mine said that he had no objection to take them for work. When questioned as to the grant of bonus, the Superintendent refused to consider over the matter. Superintendent was very much interested in them and has promised to do something after their resumption for work. It was also announced that only those working in essential services might go for work then and the rest to go for work in the afternoon shift. Except in the Mill where the work could not be started for want of Quartz all other Departments started work and the strike in the Mysore Mine ended. In the afternoon shift the normal compliments has gone for work underground.

Yours sincerely,

INSPECTOR-GENERAL OF POLICE
IN MYSORE.

MYSORE MINE LABOUR SANGHAM.

FURTHER PLEA TO THE MINERS -

You have been announced already the resolution of the Sangham. You must protect your own welfare. It is quite essential for your own benefits. You must resume work immediately. There are many things that the Sangham should do. At this juncture, unity, calmness and determination are necessary. Do not listen to others and be deceived. Act according to the decision of the Sangham. Your welfare will be protected. Resume work to-morrow morning i.e. 19-10-42. Sangham is aware of the many obstructions ahead of it. After you resume work arrangements will have to be made that there is no victimisation for anybody. Then all grievances big and small and issues that have arisen as a result of the strike will have to be settled.

For all these things Sangham should make proper arrangements. Arrangements will be made that there is no obstruction for your resumption of work tomorrow morning. Therefore all of you should come to Sangham Office calmly at 6 a.m. to-morrow. From there they can go to their respective work. Even though all may resume work to-morrow only those whose work is quite essential will be admitted to-morrow. After they go, they will create further work for others: then all can go to their respective work as usual to their respective shifts from the next day. After the resumption of work the other matters will be duly intimated to you.

There was strike at Nandy roog mines. Your mines also followed. As per the orders of the Sangham Nandyroog Labourers resumed work. There will not be any strike in a mine. Do not prolong your troubles by having better and mischievous preachings.

Dated Kolar, the...16th...October.....194 2.

Confidential

Dear Sir,

With reference to your D.O. letter No. 1620-28/C.B. dated the 24th September 1942. requesting me to ~~examine~~ examine the question whether prosecutions may not be launched against persons found to have subscribed funds in connection with the present situation in order to promote subversive activities. I write to state that the Special Superintendent of Police, Kolar Gold Fields, and District Superintendent of Police, Kolar, report that there are no such cases in their jurisdictions.

Mothamed-ul-Mulk
Gulam Mohiyuddin Mehkri, Esq., B.A., LL.B.
Chief Secretary to Government of Mysore,
Bangalore.

CC.162/42-43.

Dear sir,

In continuation of my report of yesterday.
I beg to state that it is reported that in Nandydrook
mines 335 men attended the night shift yesterday and
2256 coolies went to work this morning. Normal work
was resumed from to-day.

The strike in Mysore Mines still continues
and the labourers are said to be saying that unless
something is achieved they are not going to resume

The committee members of the Champion
Reef mine Labour Association met yesterday evening
at the B.R. building. About 100 labourers had
collected. The members asked the opinion of
those assembled as to whether they could go on
strike regarding the service gratuity. Three or
four favoured strike. It was therefore resolved
that a notice should be issued and the opinion
of the labourers obtained as to whether a notice should
be given requesting the Labour Assistant Commissioner
to conduct a secret ballot if the labourers should be
in favour of going on a strike (legal) over the
failure of conciliation. The Superintendent of
Champion Reef mine reported to have told David Ramiah
the Foreman who was assaulted that he would punish
Mr. Walker.

The Committee members of the Electricity
Labour Association also met yesterday in Maddiah
building and about 20 members attended including
T.L.A. Acharya.

Notice to the authorities regarding the matter is

of service gratuity possibly for taking a secret ballot to go on strike locally.

A manuscript notice was found pasted to a latrine in Kennedy's lines advising the labourers to continue the strike till they gain their object. A copy of the English translation is enclosed.

Yours sincerely,

T. RAJAIYA, ESQ., B.A., (Hons),
Deputy Commissioner, Kolar Dist.

Forwarded with compliments to the Chief Secretary to Government of Mysore, Bangalore.

WITH.

TO OUR LABOUR FRIENDS!

For the last few days we struck work but the members of the Union owing to their own fault, cheated the labourer and made them to resume work. We had almost reached some of the benefits. We spoiled our work listening to those agents of capitalists who are none but friends to these people. Even the Government is prepared to hold brief on our behalf. Our position has become useless when compared with the moneyed class labourers. So I request you

Dear Sir,

*Nam
kyu*

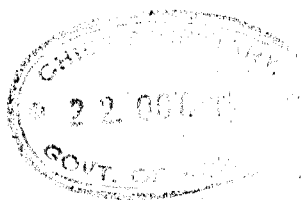

In continuation of my previous reports, I beg to state that it is reported that last night Govindaraju, Dhana Singh, Moses and others of Mysore Mine went to scavengers' lines and asked the scavengers not to go for work in the bungalows. One of the scavengers reported the matter to the Police Station when some constables were sent there. On the approach of the Police the labourers ran away. The strike in the Mysore Mine continues and the President Mr. Sharma has written a letter to say that after considerable propoganda in the lines through the block leaders, the Association is now sure that all the labourers would resume work and that a notice to that effect will be issued in the course of the day. He has also intimated this fact to the Superintendent of the mine and also the Labour Assistant Commissioner.

S.K. Shanmugam, A.T. Lakshmana Mudaliar Venkatesh, V. Muniswamy and Thangaraj have issued Tamil printed notices saying that as the strike is declared illegal they should all resume work on the 19th instant and then arrange for a general strike in a constitutional manner and that they should ~~remove~~ remove Messrs. Sharma, T.L.A. Acharya and Ramji by passing a no-confidence motion against them as they are misleading the labourers. An English Translation of the same is enclosed herewith.

It is also reported that the above persons have opened an Office at Bangalore which is a communist organisation and are intending to open branches in all the four mines here. During the next elections volunteers for the purpose are expected to be sent.

Yours sincerely,

A PLEA TO THE KOLAR GOLD FIELDS LABOUR BROTHERS WHO
HAVE STRUCK WORK.

Labourers! The prices of the foodstuffs has rise high like poison. Every day it is rising higher. Even as per the general living index number fixed by the Government, we should get 60 double the war allowance that we are getting now. But the company authorities though they are plundering lakhs and lakhs of rupees are refusing to accept to our reasonable demands. The cause of 28 days strike was due to the gratuity amount only. Then why is it that the company authorities are refusing to give in a reasonable manner. The reason is due to the cowardly leaders.

We have right to remove the leaders who do us wrong.

S.R.S.

If we want to curb down the capitalists the only way is our strength as a result of our unity. You have shown that the strength unity in us.

But we are living under some conditions not suitable to us. The Government have notified that this strike is illegal because sufficient notices was not given. The cause behind such notification was our leaders only who misled us. It is because of this that we are not able to use our full strength.

Secondly many labourers in the fields are not having confidence in their leader P.R.K. Sharma, because he has not taken suitable action as per our desire. So it is necessary to remove him from the Sangham.

We cannot remove him through strike. It is a fact that he is prohibiting a general meeting of the Sangham. It is necessary that a Mahazar is drawn and sent to Labour Commissioner and due action is taken as per Labour Act in the next election. This is the just way. It will get us success.

We request that all the labourers resume work, give notice as per Labour Act, and labourers in all mines should make arrangements to strike work. It is

It is only in this way that we can achieve our wish
P.R.K. Sharma, T.L.A. Acharya and Ramji must be removed
along with their follower

So you have belief in our words and resume work
from 19th October morning. We are prepared to show you the
ways how resolutions of non-confidence should be passed
against our leaders and how Sangham should be conducted
as per the Labour Act under the guidance of eminent
leaders. We had sacrificed our body, life and soul for
your progress

10/10

Dear Sir,

In continuation of my report of yesterday, I beg to state that it is reported that some labourers had thought of preventing the labourers going for work yesterday and were ~~going to~~ even prepared for violence. This is due to the fact that the 3000 labourers who had assembled in the morning were definitely told by the Labour Assistant Commissioner that they have to go back unconditionally and not expect any benefits. Then the labourers seem to have discussed as to why they should go back without getting any benefit having been on strike

others going to work and intimidating such of those who persisted going to work. Police were posted at important places to prevent breach of the peace.

This morning some labourers of 'A' Block and West Block prevented the other labourers from going for work. They were seen telling the labourers that all of them thought of resuming work in the hope of getting some benefit and that as it is ~~made~~ clear that they should not resume work in the hope of getting any benefit there is no use in resuming work. The Police immediately went to the spot and dispersed the crowd and allowed the workers to go to their shifts. Dhana Singh of 'A' Block, Moses of Cynide lines, Govindarajulu of West Block, Iruchan of South Block, Arumuga of West Block and Musairat, a student of the High School are said to be interesting themselves in preventing the coolies from going to work and to continue the strike till they are sure of some benefit and ~~some~~ increase in Dearness allowance. 518 labourers of Vertical Shaft and 244 of Edgards Shaft have ~~attended~~ attended work this morning. About 60 are attending the Surface works. Police pickets have been posted at all the

one important place in addition to the General mobile party moving about ~~the~~ in the Police bus, at intervals. Even in the afternoon shift very few labourers have gone for work (only about 150 underground) even though there was no intimidation or picketting. The Police arrangements are continued to avoid trouble in the lines. The strike in Mysore Mine continues

Yours sincerely,

The externment order No. C.C. 16/42-43 dated the 20th September 1942 directing the removal of C.B. Nandiswar son of C.A. Basappa and prohibiting his re-entry into the Kolar District including the Kolar Gold Fields area, is hereby withdrawn, as he has apologised for his wrong and gives assurance of good conduct.

Sd. T. Ramaiya,
Deputy Commissioner and District
Magistrate, Kolar District.

Copy of the above is forwarded with compliments to the Chief Secretary to Government of Mysore, Bangalore, for information.

Copy of the above is forwarded with compliments to the Deputy Commissioners of Tumkur and Bangalore Districts, for information.

Copy of the above is forwarded to the Special Superintendent of Police, Kolar Gold Fields, and District Superintendent of Police Kolar District, Kolar, for information.

Deputy Commissioner and District
Magistrate, Kolar District

Dear Sir,

In continuation of my report of yesterday, beg to state that it is reported that Dhana Singh, Muniswami, Kannan, Govindarajalu, Moses and about 10 others went round secretly in the cooly lines last night and instigated the labourers to stop away from work saying that there is a likelihood of ^{their} getting some extra dearness allowance if they held out for a few days and that Mr. Sharma has joined the mining authorities and has deceived them. The posting of the Police pickets in the heart of the lines and the other precautionary measures adopted to prevent intimidation and other objectionable activities had the desired effect and the Police patrols were also in the lines very early in the morning to prevent untoward incidents. As a result of all this nearly 2,000 undergrounds this morning and about 80% of the Surface labourers also surface labourers and ~~afternoon shift~~ 4 underground coolies also attended work for the afternoon shift also. The Police pickets and patrol parties are continued and they will be kept on to-night and to-morrow also. The

no has therefore ended.

Yours sincerely,

SD/- N. PUTTARANGASWAMY,

P. RAMAIAH, B.Sc., B.A., (Hons)
Deputy Commissioner, Kolar Dis

Dear Sir,

In continuation of my report of yesterday, I beg to state that it is reported that one Kannan of A Block was found instigating the coolies not to go to work yesterday morning. He was therefore secured and warned. Mr. P.N.K. Sharma complained to the Police that filth was thrown in Gilbert Block in front of the house of one Kunnuswamy yesterday morning a committee member of the Labour Association. When questioned Kunnuswamy stated that he noticed Satya-
nathan, Abbaswamy and his brother David and Kali crossing the road from his house and that he suspects them to have committed the offence as he is a follower of Mr. Sharma. The situation in Mysore line is normal and all the labourers have resumed work and continuing their associations peacefully.

Yours sincerely,

KOLAR DISTRICT.

Memo. No. C.C. 2/42-43

Deputy Commissioner, Kolar D

Dear Sir,

In continuation of my report of yesterday. I beg to state that it is reported that some labourers had thought of preventing the labourers going for work yesterday and were ~~even~~ even prepared for violence. This is due to the fact that the 3000 labourers who had assembled in the morning were definitely told by the Labour Assistant Commissioner that they have to go back unconditionally and not expect any benefits. Then the labourers seem to have discussed as to why they should go back without getting any benefit having been on strike for such a long time and they resorted to preventing others going to work and intimidating such of those who persisted going to work. Police were posted at important places to prevent breach of the peace.

In morning some labourers of 'A' Block and West Block prevented the other labourers from going for work. They were seen telling the labourers that all of them thought of resuming work in the hope of getting some benefit and that as it is made clear that they should not resume work in the hope of getting any benefit there is no use in resuming work. The D.M. immediately went to the spot and dispersed the crowd and allowed the workers to go to their shifts. Dhana Singh of 'A' Block, Moses of Synide lines. Govindarajulu of West Block, Iruchan of South Block. Arumuga of West Block and Susairaj, a student of the High School are said to be interesting themselves in preventing the coolies from going to work and to continue the strike till they are sure of some benefit and ~~some~~ increase in Dearness allowance. 518 labourers of Vertical Shaft and 244 of Edgars Shaft have ~~attended~~ attended work this morning. About 50 are attending the Surface works. Police pickets have been posted at all the

the important places in addition to the General mobile
buses moving about in the Police bus at intervals.
Even in the afternoon shift very few labourers have gone for
work (only about 150 underground) even though there was
no apprehension of blacking. The Police arrangements are
continued to avoid trouble in the lines. The strike in
Mysore Mine continues.

Yours sincerely,

T. RAMAIA, ESQ., B.A., (Hons),
Commissioner, Kolar Dist.

SUBJECT: TRANSPORT OF RICE FROM OTHER DISTRICTS TO
THIS DISTRICT.

Sir,

I have the honour to invite your kind reference to my D.O. letter No.FCC.215 dated 5th October 1942 bringing to your notice the restriction said to be prevalent in the Districts of Mysore, Shimoga, Tumkur and Hassan regarding the transport of rice to this District and requesting you to kindly look into the matter and co-ordinate the supplies as this District has to depend for rice supplies on other districts and to state that no orders have been received in the matter till now. The Deputy Commissioner, Hassan District wrote to me on 8-10-42 that the prohibition regarding the transport of rice from Hassan District to Kolar Town, a reference was made to the Deputy Commissioner, Hassan, requesting him to permit the transport. In his letter No.A4.C.284/39-40 dated 17th October 1942, he has stated that there is a shortage of rice in his District and that the permission cannot be granted to the merchant. Besides, Messrs.M.V.Remalingam & Sons, Merchants, Bowringpet, had applied for permission to import at least 300 ballas of Dabbalsala Raw Rice to Bowringpet and the Deputy Commissioner, Shimoga District was requested to permit the merchant to transport rice to Bowringpet. Messrs. M.V.Remalingam & Sons, have presented an application on 19-10-42 stating that the Deputy Commissioner of Shimoga has refused permission stating that raw rice is wanted there. The Amildar of Chikballapur Taluk has requested for reference being made to the Deputy Commissioner, Hassan Dist., not to restrict the movement of "Farm Sanna" and other kinds of rice required for consumption in his Taluk

Taluk.

As already intimated to you, it will be difficult to meet the demand for rice in this District if the other Districts refuse to allow export within the State. In the circumstances, I request you to kindly examine this question very urgently and issue necessary instructions for the removal of the restriction prevailing in other Districts regarding transport of rice as there can be no rice for this District if movement is restricted in the manner in which it has been now done in Hassan and Shimoga Districts.

The favour of immediate orders in the matter is requested.

I have the honour to be,
Sir,
Your most obedient servant,

Sd. T. Ramaiya,

~~XXXX~~ DEPUTY COMMISSIONER.

Copy of the above is forwarded with compliments to the Chief Secretary to Government, Bangalore, for kind information.

Channarayana
for DEPUTY COMMISSIONER,
(Absent from Headquarters)

25/10 2049 23/10/42

Dear Sir,

In continuation of my S.B. report of yesterday, I beg to state that it is reported that one Chinnaswami @ Susainathan of Mysore Mine was scolding in general the coolies who resumed work. Asir took objection for his scolding in front of his house. There were some exchange of hot words between them and finally Chinnaswami stabbed the other with a small knife and @ caused a bleeding injury. The injury caused is only a minor one. A case under Sec.324 T.P.C. has been registered and is under investigation. The accused is absconding.

As the situation is quiet the Police pickets were withdrawn. The movements of Satyanadan, Appaswami, Govindarajulu, Moses, Dhana Singh and Kannan who are mischief-mongers are being watched. Mobile Police patrols are arranged and there is constant patrol in the lines.

The attendance in the High School today is 267 and in the Middle School 699.

Yours sincerely,

[Signature]
Deputy Commissioner,
District.

CC.162/42-43.

Dear Sir,

In continuation of my report of yesterday, I beg to state that it is reported that in Mandydroog mines 335 men attended the night shift yesterday and 2256 coolies went to work this morning. Normal work was resumed from to-day.

The strike in Mysore Mines still continues and the labourers are said to be saying that unless something is achieved they are not going to resume work. The labourers for the present are not for resuming work.

The committee members of the Champion Labour Association met yesterday evening at the S.R. building. About 100 labourers had gathered. The members asked the opinion of those assembled as to whether they could go on a strike regarding the service gratuity. Three of them favoured strike. It was therefore resolved that a notice should be published and the opinion of the labourers obtained and that a notice should be given requesting the Labour Assistant Commissioner to conduct a secret ballot if the labourers should be in favour of going on a strike in case of failure of conciliation. The Superintendent of Champion Reef mine reported to have told David Peruma the Foreman who was assaulted that he would punish Mr. Walker.

The Committee members of the Electricity Labour Association also met yesterday in Maddur buildings and about 20 members attended including T.L.A. Acharya. Resolution was passed to give notice to the authorities regarding the grant of

e gratuity possibly for taking a secret
ballot to go on strike legally

A manuscript notice was found pasted to
a latrine in Kennedy's lines advising the labourers
to continue the strike till they gain their object.
A copy of the English translation is enclosed.

TRUTH.

TRUE LABOUR FRIENDS!

For the last few days we struck work yet the members of the Union owing to their own fault, cheated the labourers and made them to resume work. We had almost reached some benefits. We spoiled our work listening to these members who are none but friends to these white people. Even the Government is prepared to hold brief on our behalf. Our position has become useless when compared with the Mysore mine labourers. So I request you all to continue the strike till we get some advantages.

Dear

In continuation of my previous reports,
I beg to state that it is reported that the members
of the Mysore Mine Labour Association have applied
to the Superintendent of the Mine for grant of
attendance bonus during the strike period. The
Superintendent seems to have said that he would
consider the matter after consulting the Superint-
dents of the other mines. On a similar reference
by the Wandydroog Mine Labour Association, the
Superintendent is stated to have assured the
labourers that he would give bonus to those who
have attended at least 11 days during the fort-
night instead of 12 days as per rules.

Yours sincerely,

Puttarangaswamy

Dear Sir,

In continuation of my previous reports,
I beg to state that the members of the Sand^{id}roog
mine Labour Association met yesterday and decided
that they should approach the Superintendent of
the mine regarding the increase of Dearness Allow-
ance and that they should accept the Service
gratuity at Rs.75/- which was offered by the
mining authorities. As regards the advance
asked for by them as also by those of Mysore
Mine, it is reported that the authorities are
disbursing the pay itself instead before Deepavali
festival.

It is further reported that about
150 coolies of Ogrgaum mine were removed for
want of work.

Yours sincerely,

Chittaranjan

Dear Sir,

In continuation of my previous reports, I beg to state that it is reported that with a view to retrench, the labourers by 50% in workshops of Oorgaum Mines the mining authorities asked the labourers on the morning of 2-11-42 to work in alternate weeks by batches so that they could all be provided work and each labourer could get 15 days wages in a month. The labourers resented this and did not go for work. Mr. Rowe who is incharge Chief Engineer, got a few representatives to his office and explained to them the difficulties and advised them to go to work. The labourers demanded that they should all be given work throughout the month and that 1/3 wages for non-working days may be given. Mr. Rowe told them that he would consult the Superintendent of the mine and intimate the result. In the afternoon the Superintendent came there, consulted the officers and the labour representatives and finally told them that they should abide by the proposals made or do as they think best. The labourers demanded the authorities to settle their wages, gratuity etc. so that they could go and seek employment elsewhere. They also demanded certificates of their services. The Superintendent told them that such of those who want to resign their jobs may give their names etc. and Mr. Rowe told them that he would issue them certificates also. The labourers went away stating that they should discuss the matter in their Union and come back the next day to receive their wages etc. It is said that about 400 labourers would be affected by this arrangement. As a result none of the surface labourers attended their work yesterday the 2nd instant.

This morning about 300 labourers working in the surface collected near the Engineer's Office but did not go for work. Mr. Everitte, Chief Engineer advised them to go for work but they did not do so and persisted that they should either work as usual or may be allowed to go home after giving attendance as in the case of the underground coolies and that they should be paid wages for non-working days also to which the authorities did not agree. Gangadharan, Vice President of the Labour Union told the Chief Engineer that the Association has written to the Registrar of the Labour Association to declare this act of the company as illegal and that until a reply is received the labourers are not prepared for work. The labourers went away to their lines. They have also resolved that the labourers should come to the workshop every day and await the reply of the Registrar.

Further developments are being watched.

Yours sincerely,

T. RAMAIYA, ESQ., B.A., (Hons),
Deputy Commissioner, Kolar District

CC.262/42-43.

Dear Sir,

In continuation of my report of yesterday,
I beg to state that about 400 labourers of Oorgaum
mine attended the roll call to-day and instead of
attending to work by batches they all went in and
began to work as per instructions of Gangadharam, Vice-
President of the Union. The Foreman told them that
all of them need not work but the labourers did not
take notice of it and continued to work. Messrs.
Everitte and Rowe who came to know of this went to
the Superintendent of the mine for consultation.
The Carpenter shop coolies who did not give their
attendance went back to their houses. The Chief
Engineer who had gone to see the Superintendent of
the Mine returned to his office at 11 a.m. and
attended to his work quietly.

Further developments are being watched.

Yours sincerely,

CC.162/42-43.

Dear Sir,

In continuation of my report of yesterday, I beg to state that it is reported that Mr. Everitte, Chief Engineer went round the shops in Vorganum mines and found all the coolies working. He then went to his office where all the labourers in a body came behind him. He told them that it was not proper on their part to force the company to give them work and that they should abide by the proposal made. They did not agree and went to the office of the Superintendent of the mine. The Superintendent also similarly advised them. Dissatisfied with the reply given they asked him to give them their service gratuity, wages etc., so that they could seek employment elsewhere. They were asked to go to the Chief Engineer's office at 1 p.m. which they did. Nothing transpired there except that the labourers took their wages due and went away. This day morning the labourers went near the Chief Engineer's Office as the doors of the workshops had been closed. Messrs. Everitte and Rowe who came to the Office after some time did not talk to them. They then headed by the Vice President and the Secretary went to the Office of the Labour Assistant Commissioner who is said to have advised them to obey the Superintendent of the mine. Dissatisfied with the reply, they went back to their lines where Gangadharan asked them to assemble near the Vorganum mine Office and ask for certificates etc.

It is said that just as the Association had requested the Chief Conciliator to declare the act of the mining authorities as illegal, the mining authorities also have requested him to declare the strike

as illegal.

Yours sincerely,
SD/- D. PUTTARANGASWAMY

Dear Sir,

With reference to your S.B. report on the political situation in the District for the 15th October 1942 stating among other things that certain students of Tumkur High School came to a place in Goribidanur Taluk with the object of carrying propaganda work and that they were prevented from doing so, I am desirous to point out that these persons should have been arrested and questioned before being let off. Their names should have been noted and the District Superintendent, Tumkur, informed in the matter.

It is mentioned in your report of the 16th October 1942 that about ten boys in Kolar town took out a procession and that Lakshmaiah and Muniswami a tailor spoke urging support for the congress.

REPORT ON THE POLITICAL SITUATION IN KOLAR DISTRICT
ON 16-10-1942.

KOLAR TALUK.

About 10 boys in Kolar Town took out a procession with congress flag from the congress Office to the temple where R.K. Lakshmiiah and Munisami, a tailor spoke for a few minutes urging support to the congress movement

SRINIVASAPUR TALUK.

At a poorly attended public meeting between 8.30 and 9.30 P.M. at Srinivasapur Town, local congressites Venkatapi Setty, H.C.Nanjundappa and Nagaraj spoke on the present situation, resistance to Fascist aggressors and necessity for the control of the price of foodstuffs.

The situation in all other taluks was quiet.

Deputy Commissioner,
D. O. No. C.C.16/42-43
Encl. (

1648/C.B.
OFFICE OF THE DEPUTY COMMISSIONER,
KOLAR DISTRICT.

Dated Kolar, the 6th November 1942.

Dear Sir,

With reference to your D.O. letter No. 2260/C.L. dated the 25th/26th October 1942, enquiring whether Lakshmaiah and Muniswami who took part in the procession held at Kolar on the 16th October 1942 and who spoke urging support for the congress movement, were arrested and prosecuted, I write to enclose a copy of letter No. S.B. 127/42-43 dated the 5th November 1942 received from the District Superintendent of Police, Kolar and to state that as they were little boys and as the speeches made by them were not effective, they were not arrested. It has not been repeated by them. The instructions of Government have however been noted by the District Superintendent of Police, Kolar, for his future guidance.

Yours sincerely,

Mothamed-ul-mulk

Mothamed-ul-mulk
Gulam Mohiyuddin Mehkri, Esq., B.A., LL.B.,
Chief Secretary to Government of Mysore,
Bangalore.

Copy of letter No. S.B. 127/42-43 dated the 5th November 4 from the District Superintendent of Police, Kolar to the Deputy Commissioner, Kolar District

With reference to your Memo No.C.C. 16/42-43 dated 29-10-1942 calling for report in respect of para 2 of letter No. 2260/C.B. dated 25/26th October 1942 from the Chief Secretary to Government of Mysore, I have the honor to state that, as reported in the daily report referred to in the letter, only about 10 boys of within 14 or 15 years of age (including the speakers) went in procession with a congress flag from the Congress office in Sparks Road to Kelaginapet where one Lakshmaiah and a tailor boy by name Munisami spoke. There was no response in the locality in which the boys gathered and the small number of boys (about 5 or 6) that were attracted to the place of meeting was all the audience that was addressed by the two boys referred to above who spoke for only a few minutes expressing regret for the lack of response in the locality and entreating ~~regret~~ that people should boldly come forward to support the present Freedom-struggle. The speeches were not effective and did not appear to have made any impression on the boys gathered there. Further there was no prohibitory order banning the processions or meetings in Kolar Town in the circumstances and in view of the fact that the procession consisted of only boys, no action appeared necessary to arrest and prosecute the boys who spoke on the occasion.

Kind instructions are noted for future guidance and the Police Inspectors of all taluks in the district are intimated the same.

against the leaders who have caused us harm.

A GOOD NEWS TO LABOUR BROTHERS.

Courageous labourers? In view of the pleasure that has been derived over the resumption of your work after strike on the notice published by mine-out companions S.R. Shanmugam, V.M. Venkatesan, Thangaraj and V.M. Maniswamy, the following resolutions were passed and brought to your notice:

1. It is not due to the labourers that there was strike recently. After the break down of the conciliation on 28th and 29th it is the @@@@ Sangham Presidents and some committee members that asked the labourers to strike work.

2. As soon as the Government announced that the strike was illegal they began to say to the capitalists and the Government officials that they did not ask them to strike and it was the labourers that struck work and they exposed the labourers to hatred on both sides. Who is the cause for the strike? This is a well known affair to the Government, capitalists and many labourers. It is not just that the leaders who instigated the strike are outside while those who were innocent are in prison. We request the Government that the poor labourers who are in prison should be released and they should be helped to get their respective jobs and no action is taken against anybody responsible for the strike.

It is the right of every labourer to remove the leaders from Sangham who have caused us harm. We request that every labourer should sign his name with ticket number without fear in the resolution of no confidence and send the forms to

We request the Government to make suitable arrangements soon for the next election as the majority of the labourers have no confidence in @@@@ their President

3. Our sympathies are with the families of those companions who are imprisoned for the present.

Yours,
A.T. Lakshmana Mudaliar

We request the labourers to support the Tamil nes paper JANA SAKTHI which serves the labourers. They are available with the K.G.F. Agents.

NOTE : A weekly publication of the India communist party which works for the progress of the labouring class is going to be published in many languages such as Tamil, English, Hindi, Telugu Malayalam, Kannada, Marathi, Gujarathi, Marwadi and some more languages. Those who may require it may enquire with the JANA SAKTHI Agent and obtain them.

Dear Sir,

In continuation of my previous reports, I beg to state that it is reported that the Oorgaum mine Labour Association are going to negotiate with the authorities regarding the difficulties of the workshop coolies and for grant of 1/3 wages to those who will be without employment during the week.

A. T. Lakshmana Mudaliar has issued Tamil printed notices asking the labourers to oust their President by bringing a no-confidence motion against them as they are responsible for the recent strike and have subsequently mis-represented to the authority that the labourers themselves have struck work thus exposing the labourers to many hardships etc. A copy of the English Translation is enclosed.

Yours sincerely,

Dear Sir,

In continuation of my previous reports, I beg to state that it is reported that one P. Vaki Pillai of Madras came to K.G.F. on the morning of 11-11-1942 in search of Mr. T. Ramachandra. On enquiries made it was ascertained that he is one of the Tamilnad Congressman and has come here to seek employment through the influence of Mr. T. Ramachandra. Mr. Ramachandra asked him to see him at Bangalore where he would try for getting him a job. He is stated to be leaving this place to Madras this evening or sometime early. He will be pointed out to the Railway constable. A copy of the History furnished by him is enclosed herewith for favour of perusal.

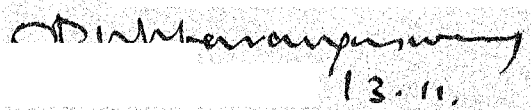

Yours sincerely,

INSPECTOR-GENERAL OF POLICE
IN MYSORE.

Statement of P. Vakil Pillai s/o Perianaikam Pillai of Madras, Kodampakam Harijan Industrial School, Madras, Velalar by caste.

I was born in Trichudy, Ramnad District about 37 years ago. I was with my parents at Trichudy for nearly 16 years. I have studied up to Tamil IV Class. Then I went to Thiruvannamalai as a clerk in a Chatram of one Savannavamma s/o Sundaram Chettiar. I was there for 4 years. I left that job in 1930 and joined congress and became a member of the Tamilnad congress committee at Royapet. I was working towards the upliftment of harijans and rural reconstructions. I was convicted in the Civil Disturbance movements of 1932 for a period of 8 months in Madras and Trich jails. I was arrested by the Flower Bazaar Police Station House Officer, Madras. I was released after 8 months. Subsequently I was again arrested during the individual Satyagraha movement in the year 1933. I was in jail only for a day and I was released at the time of elections campaign. I worked as a Tamilnad Congressman then I was arrested in the year 1940-41. I was convicted for 5 months. After I was released I went and joined the Kodampakam Harijan Industrial school at Madras. I learnt paper making, weaving and store keeping. I left the school as the wages paid to me was not sufficient. I was therefor about 1½ years. When I went to North Arcot District Arishnagiri. I got a recommendation letter at Arishnagiri from one M.R. Muniappa Chettiar, a congressman. I went to Bangalore. I remained with one Govindaswamy, Optician, bathing ghat, chickpet, Bangalore City. I was working as a glass grinder. I was paid 35 rupees per month. I came into a dispute with Govindaswamy, who has congress feelings. I ~~received with~~ remained with Govindaswamy for about 4 or 5 months. When I shifted myself to commercial street, C & M. Station, Bangalore. Door No.91. I worked as a glass grinder for one month. I left that place yesterday i.e 11-11-42 and came to K.G.F. in search of a job. I wanted to

Muniswamy Chetty of Arishnagiri on 28-2-42. I could not see him. Then I went to Champion Reef Labour Union at Andersonpet yesterday at about 5 p.m. The Sangham gave me food. To-day morning also I stayed at the Sangham office at Andersonpet. I am now going to Madras as I could not secure any job here. I am searching for financial help to enable me to go to Madras.

M. Venkatesw

INSPECTOR-GENERAL OF POLICE
IN MYSORE.

Companions, The way of the capitalists did not satisfy the labourers and there ^{was} ~~@@@~~ immediate strike- That period was really a testing period to the committee members. In view of the betterment of the labourers, the Sangham had to prevent unnecessary developments and behave themselves in a diplomatic way. This was much mis-understood. Some wanted to take advantage of this situation by bringing forth personal animosities in this issue. This affected the unity and bondage of the labourers towards the sangham. As a result of this many had to resume work without any benefits. If the labourers had acted as per the wishes of the Sangham, the sacrifices and the endeavours would not have gone in vain. Nobody need be discouraged by this. This is usual in such enterprises. We can strengthen our position. We must safeguard that such dis-couragement is not given room after a strike. The strength of the Sangham should not be lessened. The capitalists are watching our movements. If you are a hindrance to our unity, it will give pleasure to the capitalists. Your future will be obstructed. You must uphold courage. You must strengthen the Sangham. It is certain that we will succeed.

As per the rules, the members are those who pay subscriptions for three months consecutively. There are two months for the closing of this year. The unity of the Sangham is determined by the number of its members. Due to strike, the subscription was not collected last month. There is no cause for this month. The Company authorities had come forward to pay the fees in advance as per the wishes of the labourers. As usual Sangham will make arrangements to collect subscription. Whatever may be the difficulties of the labourers, they should pay the subscriptions. They should not give room for baseless rumours. Their interest towards the Sangham must not be lessened. This is your duty.

To settle the difficulties arising out of war allowance and service amount question, this Sangham had consulted with other Sanghams and had sent a correspondence to all the mining Superintendents who are ascertained to be consulting each other over these issues. If you are united we will succeed. Our sacrifice will not go in vain. We can achieve our end. If you respect the Sangham, you will be respected by the mining authorities. There is no room for any suspicion. Your salvation lies in you.

As the advance and pay are disbursed many days after the Roll is completed, in view of the inconveniences that had risen out of this, the Sangham had made a requisition to make arrangements to disburse within seven days twice in a month. It is learnt that Champion Reef mine had made a similar requisition. Other Sanghams may follow.

Help is being given to those by the Sangham who are sent out of work due to retrenchment. After full work is resumed in Kolar, Superintendent had informed the Sangham, that they too will be given work.

Work at the Sangham Office is being conducted as usual. In view of the vacancies in the committee of the Sangham suitable people will be included.

Do not give room for unnecessary differences. We request all to cooperate. All doubts may be cleared at the Sangham Office in person.

S.A. MAHIMAIDOSS,
Ag. Secretary
(On behalf of the Sangham).

CC.No.162/42-43

Dear Sir,

In continuation of my previous reports I beg to state that it is reported that Dhansingh, Appaswamy and others of Mysore mine met Arul Dass of Andersonpet and had ~~at~~ a talk with him about bringing A.P.Vajravelu Betty of Kuppam to contest the presidentship of the Mysore mine Union during the ensuing elections. They are said to be sending somebody to Kuppam to meet Vajravelu Betty in this connection.

It is also reported that the Adidravidas of Oorgaum who tried to ~~prevent~~ prevent the screening of the picture "NANDANAR" in the Olymphias talkies are approaching Government in the matter.

Yours sincerely,

SD/- N.PUTTARANGASWAMY,

Copy in duplicate forwarded with compliments to the Superintendent of Police, Special Branch, in Mysore, Bangalore.

J. S. Kadur

INSPECTOR-GENERAL OF POLICE
IN MYSORE.

JITARANGASWAMY, ESQ., B.Sc.,
Superintendent of Police.

Champion Reefs,
Dated 23rd November 1942.

CC.162/42-43.

Dear Sir,

In continuation of my previous reports, I beg to state that it is reported that one Muniswami and another Nantharagesh, an old committee member of the Mysore Mine, went to Kuppam on 21-11-42 and requested Vajravelu Setty to stand for the Presidentship of the Mysore Mine Labour Association in the coming elections. Vajravelu Setty is stated to have consented to do so. The next day S.A. Mahimadoss and Venkataravallu Secretary and Treasurer respectively of the Mysore Mine Labour Association also went to Kuppam and returned in the evening after meeting Vajravelu Setty.

Yours sincerely,

T. RAMAIYA, ESQ., B.A., (Hons),
Deputy Commissioner, Kolar Dist.

Office of the Deputy Commissioner.
Kolar District,
Dated, Kolar, the 24th November 1942.

Memo. C.C. 2/42-43.

Forwarded with compliments to the Chief Secretary to Government of Mysore, Bangalore.

Deputy Commissioner, Kolar Dist

CC.162/42-43.

Dear Sir,

In continuation of my previous reports, I beg to state that it is reported that a majority of the labourers of the Mysore Mine seem to have an idea of getting rid of Mr. Sharma and bringing Vajravelu Setty in his place. With this end in view Mahima Doss, Ag. Secretary, Venkataravalu, Treasurer are said to be resigning their office so that they could work up for Vajravelu Setty in the coming elections and that they may also stand for the election on congress ticket.

In the Champion Reef mines the mining authorities and the representatives of the Union were discussing the grant of enhanced dearness allowance to the labourers. The Superintendent of the mine has finally sent a reply stating that he would give Rs.6/- from November 1942 and not Rs.6 for the month of Nov. and Rs.5/- for the previous months as promised by the Superintendent during the discussions as the committee did not agree for the grant of Rs.11/- in all. This has created some discontent among the labourers and Mr. Chennakesavelu, Ag. Secretary of the Union has issued Tamil printed notices stating that after discussion the Superintendent of the mine had agreed for payment of Rs.6/- for the month of November 1942 and Rs.5/- for the previous months. that now he has said that he would give only Rs.6/- for November 1942 and nothing for the previous months and that the future action to be taken by them would be made known by issue of notices etc. An English Translation of the same is enclosed herewith.

Messrs. T. Ramachandra and T.L.N. Acharya are said to be similarly trying for an amicable settlement with regard to the Dearness Allowance and service gratuity to the labourers. The authorities are stated

to be willing to pay Dearness Allowance at Rs.6/- for those who get wages of less than Rs.40/- and Rs.7/- for those who get wages between Rs.40/- and Rs.80/- per mensem. Regarding the Service gratuity they seem to be willing to pay Rs.75/- for those who get a daily wages of annas 10, Rs.85/- for those getting as.12/- per day and Rs.90/- for those who get Rs.90/- per day

It is further ascertained that the labourers of the Brick Making Factory are trying to have Mr. Sundaraja Iyengar as their President for the next year also.

Yours sincerely.

LONG LIVE RED FLAG.

CHAMPION RE F LABOUR SANGHAM.

Brother labourers!

For the last four months we are fighting for the increments of war allowance. At the conciliation court in front of Conciliator on the 29th Sept. capitalists told that they would give Rs.5/- for the low waged labourers and Rs.7/- for the persons who get pay more than Rs.40/-. Our Sangham did not accept, because already they are giving Rs.4-8-0 as war allowance and an increment of annas eight will not suffice when compared to the present rate of food stuffs.

About two weeks back when Chief Labour Commissioner had come, our Union leaders and President asked him to bring about a final settlement with regard to war allowance. For that he asked us to send a final decision to him and to the company. Likewise we asked Rs.7/- per month and Rs.0/- for the previous months.

Next Superintendent had sent for the President and the Secretary. Likewise when they went, he had told them that he would give Rs.6/- per month for the months of September and October and Rs.3-8-0 ~~per month~~ for the months of June, July and August making a total of Rs.11/- which would be disbursed on the Advance dates 26 & 27 but we did not accept to that and asked them to give Rs.6-8-0 per month and Rs.5-8-0 for the old Balance which makes a total of Rs.12/-. For that he said that he is ready to pay Rs.6/- per month and old balance Rs.5/- making a total of Rs.11/- if they are prepared to accept the same. In reply we told him that we would tell him after consulting in the committee and came away.

Next day at the meeting we agreed to take Rs.6/- per month and Rs.5/- for the old balance and informed the same to the Superintendent. He also agreed to the same. On last Thursday we told that we would publish notices pertaining Service money. Two pays in the month and war allowance. For

For that Superintendent told that after taking his reply they can distribute notices on Monday the 23rd. Likewise when the President and the Secretary met and saw the Superintendent, they were astonished to hear that he would give Rs.6/- per month and the old balance will not be given. We told him that as we have already promised the labourers that they will be given Rs.11/- on 26th and 27th and if they are not given the same the labourers will be dis-appointed etc. and so somehow or other the labourers should be given Rs.11/-. For that he said that if the labourers are given Rs.6/- per month for that alone they would be very glad and would give blessings to John Taylor & company and you are the persons who demand more. Hereafter he would not tell them anything before-hand and that inspite of his efforts made in the committee he was not successful.

But the Sansthanam did not expect such a reply. The future action to be taken on this would be known to you on notices.

Andersonpet.

CC.162/4243.

Dear Sir,

In continuation of my report of yesterday, I beg to state that it is reported that on the morning of 24-11-42 at 7-30 a.m. when the Post Master. Anderson pet opened the Post Box attached to his office as usual he found the letters inside burnt and charred and a test tube like bottle lying inside. The Post-Master sent no intimation at all and is said to have sent a letter by post to the Inspector. In the night the Inspector got some information and on questioning the Post Master he admitted that it is true. The Police Inspector seized the articles for purpose of sending the same for examination by the chemical examiner. A case under Rule 36 of the Defence of India Rules has been registered and is being investigated. No damage has been caused to any of the articles of the Post Office.

It is ascertained that one I. Padmanabhan No.2 P.O. Block, Marikuppam who is a congressite and Vice President of Balagangadhara Tilak Walibhar Sangham. Andersonpet had expressed more than once that he would burn the Andersonpet Post Office someday and it is therefore probable that he might have committed the offence with his brother Krishna and another Munirathnam who are also congressites. Their movement are being watched and necessary action will be taken against them if the suspicions are confirmed.

The committee members of the Champion Reef Labour Association met last night and resolved that they should send a large number of labourers on a deputation to the Superintendent of the mine for demanding a Dearness allowance of Rs.6/- per month from current month and Rs.5/- lumpsum for the previous

1894/CS
The committee members and Office bearers of the Union are expected to stay behind.

As reported already Mahimanathan, Ag. Secretary Mysore Mine and Venkatarayalu, Treasurer of Mysore Mine are reported to have tendered their resignations to their offices with a view to stand for the next election on the congress ticket with Vajravelu Chetty. Both Sundaraja Iyengar and Vajravelu Chetty are reported to be not at Kuppam since yesterday and it was therefore not possible to ascertain the details of the talk between Venkatarayalu and Mahimanathan of Mysore Mine and Vajravelu Chetty of Kuppam though the informant was sent to ascertain these details.

Further developments are watched and will be duly reported.

Yours sincerely,

SD/- N. PUTTARANGASWAMY,

For INSPECTOR-GENERAL OF POLICE
IN MYSORE. (on leave).

Dear Sir,

In continuation of my report of yesterday, I beg to state that it is ascertained that I Padmanabhan who is a Tailor working opposite the Andersonpet Post Office skulked away from the shop as soon as the Police arrived near the post Office on the 24th evening ~~and that on the 25th evening~~ and that he did not come to the shop to resume his work on the 25th instant. There is therefore little doubt that he is involved in the Andersonpet postal letter box case. The information is being ~~✓~~ further verified.

Another incident in which letters posted to a letter box having been burnt to ashes has been reported. At about 2 p.m. on 24-11-42 when the peon of the Oorgaum Post Office opened the letter box of the Post Office as usual to stamp them some of the letters were found burnt to ashes and some others half burnt. No damage had been caused to the box and it is suspected by the Post Master that somebody must have thrown a burning cigarette inside the box. No cigarette piece was however found inside ~~in~~ the box. A case has been registered and is being investigated.

The working committee of the Mysore Mine Labour Association met yesterday and appointed one Govindaswamy ~~and a relative of Venkataryalu~~ as Vice President. It is ascertained that Mahimadass and Venkatarayalu were prevailed upon to withdraw their resignation and that they complied with this request.

Yours sincerely,

Dear Sir,

With reference to your D.O.letter No.2259/C.B. dated 26th October 1942, calling for a report, regarding ^{1/10}alleged, Hindu-Muslim trouble at Darinaikanapalya of Goribidnur Taluk, I write to enclose herewith a copy of letter No.I.C.179/42-43 dated 17th November 1942 received from the District Superintendent of Police, Kolar in the matter. The rioting case to which the District Superintendent of Police, refers in the last para of his letter dated 17/11/1942 is reported to have ended in the conviction of the Mohammedans. His report of 27-7-1942 was forwarded to the Sub Division Officer, Chickballapur for expediting the enquiries pending before him on the revenue side over the dispute for the land behind the Mosque. He is being reminded. I have now called for a report with records.

2. I visited the village on 29th of last month and advised both the parties to live in peace. There is nothing sensational and the dispute is purely local.

Yours Sincerely,

M. M. M. M.

Mothamed-Ul-Mulk,

Letter No.I.C.179/42-43 dated 17th November 1942 from the District Superintendent of Police, Kolar District, to the District Magistrate, Kolar District, K o l a r.

Alleged Hindu-Muslim trouble at Darinaikanapalya,
Goribidnur Taluk.
C-O-C

Adverting to your Memo No.Jl.C.501/42-43 dated 27/10/1942 on the above subject, I have the honour to state that the Sub Inspector of Manchenahally received a petition on the evening of 11th November 1942 (through the Patel of Darinaikanapalya) from Khaji Allaaddin and 2 other Muslims of Darinaikanapalya, to the effect that the - Hindus of their village under the leadership of one Polepalli Seeniah and 2 others were attempting to give trouble to them during the celebration of their festival on 12th October 1942 and praying for bandobust. On 12th October 1942, the Hindus, that were complained against were sent for and on enquiry they stated that the allegations were false and that it was the Muslims that had thought of creating trouble due to the long standing strained feelings between the t w o communities.

The parties were warned by the Sub Inspector not to cause any breach of peace. The Sub Inspector, then deputed 4 police constables for special duty at the village, after serving notices on both the parties. The Ramzan festival passed off peacefully.

On the night of 20th October 1942, while the Hindus were taking their deities Jaladurgamma and Marigamma in procession, small stones were pelted at the processionists by some miscreants, as a result of which three persons in the procession, one of whom being a police constable sustained minor injuries. Some of the Hindus among the processionists got enraged and suspected the Muslims of the place to be responsible for this. Further developments were however prevented by the constables on duty and other respectable citizens of the place. Nothing untoward of a serious nature is reported to have occurred on this occasion beyond the little commotion referred to above.

The feelings between the members of the Hindu and Muslim communities have been strained for some time past in connection with the taking out of procession by the Hindus in the road in front of the newly constructed masjid at Darinaikanapalya and a case of rioting put up against some of the Muslims recently ended in conviction of

of 10 of them. The feelings between the two communities are no doubt strained and the dispute between them among others, involves the question of taking out Hindu Procession in front of the Musjid with music, the encroachments of the land by the Muslims to the rear of the Musjid and the un-authorized use, for the construction of a compound wall by the Muslims of stones which belonged to a dilapidated Hindu Temple, lying near by the Musjid, etc. In view of the existing strained feelings between these two communities, two police constables are posted to be on duty at the place for nearly a year. Copies of reports already submitted to the Deputy Commissioner in this matter in Nos. T.C. 357/41-42, dated 7/4/1942 and I.C. 357/41-42 dated 22-7-42, are herewith submitted for ready reference.

Dear Sir,

In continuation of my previous reports, I beg to state that yesterday at about 8-30 p.m. there was an explosion in the Jubilee Hall Talkies at Andersonpet in the O-2-0 class causing injuries to six persons. The injuries to all are very minor except the injuries to the toes of the right foot of one Ramaswamy - a Mudaliar of Nandydroog Mine. All the injured were removed to the Hospital and were got treated. There was an explosion at about 9-15 p.m. in a military tract No.915-7685 that was parked on the road by the side of the skating Rink. It was ascertained that Lt. Williamson of the Baluch Regiment at Bethamangala camp came in this truck from Bethamangala at about 7-30 p.m. and having parked the truck on the road was inside the skating Rink where there was dancing. At about 9-15 p.m. there was an explosion in the truck. It was seen from an inspection of the truck and the place that some explosive substance had been ~~removed~~ rammed into 3/4" galvanised water pipe and that this was placed just below the driver's seat in the truck and the fuse lighted. The pipe burnt on explosion and the pieces of the pipe had caused damage to the window screen glass, the seat and the bottom steel plate of the truck just below the driver's seat. There was no other damage and nobody was injured as there was none in the truck. At Robertsonpet at about 8.45 p.m. some persons in the O-2-0 class observed some wick like substance burning and put out the flame. Then it was noticed that a 3/4" pipe piece about 6" long with one end sealed and rammed with gelatine, detonator and fuse was lying there. This was taken possession of by the Police. There is no clue so far as to who could have committed these offences. The only suspicion is against Padmanabhan, his brother Krishnan and Muniratnam who are suspected in the incidents of the ~~other~~ letter boxes at Andersonpet and Corgaum Post.

Offices. I have therefore asked the Inspectors to arrest them today. I have also given detailed instructions with reference to some clues available to them as to who could be responsible for these offences. The detonator and gelatine contained in the pipe found in Olympia Talles are taken out and the gelatine was destroyed. As the three offences are similar there is no doubt that one gang of persons have committed these offences in a very organised manner. ~~Three have committed these offences~~ ~~in~~ ~~over~~ Three cases are registered under the Defence of India Rules.

As already reported the labour~~ers~~ Associations of Mysore, Champion Reef, Nandy roog and the Electricity Department have signed the agreements accepting the dearness allowance of Rs.6/- per month from 1st November for a period of six months and a lumpsum grant of Rs.3/- due towards the enhancement of the Dearness Allowance for previous months.

Tamil printed notices have been distributed by the Mysore Mine Labour Association regarding the settlement arrived at by them and the authorities in the matter of the grant of Dearness allowance to the labourers. The agreement is stated to have been signed by the President and five representatives selected by the committee.

An English Translation of the same is enclosed.

Yours sincerely,

T. RAMAIYA, ESQ., B.A., (Hons),
Deputy Commissioner, Kolar

MYSORE MINES LABOUR SANGHAM, MARIKUPPAM.

END OF THE TROUBLES OVER WAR ALLOWANCE.

We take pleasure in announcing that yesterday evening (27-11-42) a settlement was reached between the company and the Sangham over the question of war allowance.

For the previous months, a sum of Rs.3/- will be given from the first of November war allowance of Rs.6/- for those who get below Rs.40/- and Rs.7/- for those who get above Rs.40/- below Rs.80/- will be given.

The above mentioned total amount will be disbursed along with the pay. In the same way war allowance will be given every month. Our thanks are due to the authorities who accepted to this arrangement. This settlement was signed by our President and five representatives selected by the working committee on behalf of the Sangham.

No settlement has been arrived at still in connection with service amount. But we believe that a settlement will be arrived at soon.

Forwarded with compliments to the Chief Secretary
to Government of Mysore, Bangalore.

Deputy Commissioner, Kolar Dist.

7/42-43.

Dear Sir,

In continuation of my previous reports,
regarding the labour situation here, I beg to state
that the mining companies on further consideration
regarding the Dearness allowance question have offered
Rs.6/- per month Dearness Allowance ^{from} the current
month and Rs.3/- lumpsum for the excess of Dearness
Allowance for the previous months. It is understood
that the Mysore Mine Association committee have resolved
to accept the offer now made. The Presidents of Handy-
creeg and Corgam Labour Associations seem to have
been advised by the Labour Commissioner, Bangalore to
accept what is offered and then fight for any further
enhancement if need be. The Presidents of all the
three Associations are getting into touch with the
Champion Reef Labour Association President to induce him
also to accept the offer of the companies. It is
likely that all the Associations may accept the offer
made regarding the enhancement of the Dearness Allowance
and may conclude the agreement with the companies in
this respect before the end of the month.

One Somarama Reddy of Cheldiganapally
who is the brother-in-law of Changelrai Reddy and who
was taking part in objectionable activities in the
month of August and for whom a detention warrant under
Rule 26 of the Defence of India Rules had been issued
by the Deputy Commissioner on the 2nd of September
was found to-day in the court premises trying to meet
the accused in the rioting cases and the other political
convicts of this place. After the detention warrant
had been issued by the Deputy Commissioner he had

left Mysore State limits and gone back to

found again to be establishing contact at K.S.P. and as he is likely to resort to subversive activities here he was arrested under Rule 28 of the Defence of India Rules and he would be sent to Kolar for detention as per orders already issued by the Deputy Commissioner, on 2-9-1942 ordering his detention for a period of 3 months.

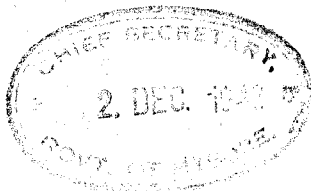

Further developments are being watched and will be duly reported.

Yours sincerely,

INSPECTOR-GENERAL OF POLICE
IN MYSORE.

CC.162/42-43.

Dear Sir,

In continuation of my previous reports, I beg to state that yesterday at about 8-30 p.m. there was an explosion in the Jubilee Hall Talkies at Andersonpet in the 0-2-0 class causing injuries to six persons. The injuries to all are very minor except the injuries to the toes of the right foot of one Ramaswamy - a Mudaliar of Nandydroog Mine. All the injured were removed to the Hospital and were got treated. There was an explosion at about 9-15 p.m. in a military truck No.915-7685 that was parked on the road by the side of the Skating Rink. It was ascertained that Lt. Williamson of the Baluch Regiment at Bethamangala camp came in this truck from Bethamangala at about 7-30 p.m. and having parked the truck on the road was inside the Skating Rink where there was dancing. At about 9-15 p.m. there was an explosion in the truck. It was seen after an inspection of the truck and the place that some explosive substance had been ~~removed~~ rammed into 3/4" galvanised water pipe and that this was placed just below the driver's seat in the truck and the fuse lighted. The pipe burnt on explosion and the pieces of the pipe had caused damage to the window screen glass, the seat and the bottom steel plate of the truck just below the driver's seat. There was no other damage and nobody was injured as there was none in the truck. At Robertsonpet at about 8.45 p.m. some persons in the 0-2-0 class observed some wick like substance burning and put out the flame. Then it was noticed that a 3/4" pipe piece about 6" long with one end sealed and rammed with gelatine, detonator and fuse was lying there. This was taken possession of by the Police. There is no clue so far as to who could have committed these offences. The only suspicion is against Padmanabhan, his brother Krishnan and Muniratnam who are suspected in the incidents

Offices. I have therefore asked the Inspectors to arrest them to-day. I have also given detailed instructions with reference to some clues available to find out as to who could be responsible for these offences. The detonator and gelatine contained in the pipe found in Olympia Talies are taken out and the gelatine was destroyed. As the three offences are similar there is no doubt that one gang of persons have committed these offences in a very organised manner. ~~Three have committed these offences~~ ~~in~~ ~~three~~ ~~cases~~ ~~are~~ ~~registered~~ ~~under~~ ~~the~~ ~~Defence~~ ~~of~~ ~~India~~ ~~Rules~~. Three cases are registered under the Defence of India Rules.

As already reported the labourers' Associations of Mysore, Champion Reef, Nandy roog and the Electricity Department have signed the agreements accepting the dearness allowance of Rs.6/- per month from 1st November for a period of six months and a lumpsum grant of Rs.3/- due towards the enhancement of the Dearness Allowance for previous months.

Tamil printed notices have been distributed by the Mysore Mine Labour Association regarding the settlement arrived at by them and the authorities in the matter of the grant of Dearness allowance to the labourers. The agreement is stated to have been signed by the President and five representatives selected by the committee.

An English Translation of the same is enclosed.

Yours sincerely,

SD/- N. PUTTARANGASWAMY,

CC.162/42-43.

Dear Sir,

In continuation of my report of yesterday, I beg to state that the Labour Unions of Nandydroog and Champion Reef mines also have distributed Tamil printed notices regarding the agreement arrived at by them with the authorities in the matter of grant of Dearness Allowance to the labourers. The committee also appeal to the authorities for settling the gratuity amount similarly with a liberal mind. They advise the labourers to be united and to pay up their arrears of subscriptions due for the past two months as the Labour Asst. Commissioner has called for the voters list.

English Translations of the Tamil notices are enclosed herewith.

Yours sincerely,

Opurthammy

T. RAMAIA, ESQ., B.A., (Hons),
Deputy Commissioner, Kolar Dist.

NR/-

Office of the Deputy Commissioner,
Kolar District,
Dated, Kolar, the 1st December 1942.

Memo. C.C. 2/42-43

Forwarded with compliments to the Chief Secretary to
Government of Mysore, Bangalore.

Deputy Commissioner
Deputy Commissioner, Kolar Dist

In view of the difficulties that had given rise to the labourers owing to the untimely distribution of the wages, a resolution of the Sangham that the pay should be given once in a fortnight has been sent to the capitalists. The company authorities also have promised that they will consider.

The grievances of the surface contract coolies have not yet been completely removed. You must give still some facilities to Sangham to remove them one by one.

The Sangham expects that the question of gratuity amount will end in the same amicable way as the question of war allowance had ended. If the company authorities are to show their liberal mind, this question also will end amicably - satisfactory to both the parties. In fact, what is it that the labourers demand? Is it not for the satisfactory amount that is required to spend the last days of their lives after having sacrificed their comforts in the service of the company work? If the company authorities are to take a liberal attitude, they will realise that what the Sangham had asked was just. Is it not necessary that they should take a liberal view over this essential issue? The Sangham requests the company to show their liberal view and end unnecessary discussions.

A last and final word to the labourers -

Because no settlement was arrived at in connection with war allowance, subscriptions for the months of October and November have not been collected. The question of war allowance has been decided now. During the pay in the month of December, Sangham representatives will come to collect the dues. All should pay annas six including the subscriptions for the month of December. The Asst. Labour Commissioner has asked the Sangham to send the voter's list. As per the legislation only those who have been members for three months can be included in the voters list. Therefore, in order to get the right of voting atleast, they should certainly pay three months subscriptions.

There is one thing more that the labourers should bear

whole-heartedly. Only with the cooperation of the labourers, the Sangham can flourish. You may have entertained many views over the committee members. They way to get rid of them, lies in you only. But some have developed our attitude of bringing down the Sangham because of the differences of opinion they have entertained. Labourers of the world Get United". Every labourer should understand the significance and underlying importance attached to this sentence. If not, the entire labour world will be scattered to pieces. If when the Labour world is shattered, where is the position of the Sangham? How can the Sangham representatives protect the rights of the labourers?

Sangham requests that every labourer should understand this.

LET THE RED FLAG LONG LIVE.

LABOUR COMMITTEE OF CHAMPION REEFERS.

FRIENDS!

The struggle about war allowance has come to an end. Those who are getting less than Rs.40/- will get Rs.6 war allowance and the balance of Rs.3/- 9/- And those getting more than Rs.40/- will be given a war allowance of Rs.7/- and the balance of Rs10/- on the 10th and 11th of December 1942.

As regards the disbursement of pay after 3 weeks the union is taking pains to modify it. It is believed that it will end successfully. Matters regarding service gratuity will be published in the next notice since it has not come to a settlement.

The Union requests all to keep up peace and do their duty.

CC.162/42-43

Dear Sir,

In continuation of my previous reports, I beg to state that about 50 labourers of Bullen Shaft, Corgaum Mine were removed from work on 21-12-42 as a measure of retrenchment. The authorities are disbursing the advances of pay before the due date on account of X-mas.

G. Kuttikrishna Nair of Nandydroog Mine has issued Tamil printed notices requesting the labourers to propose candidates for being elected to the Labour Association during the ensuing elections. A copy of the English translation is enclosed.

The Office-bearers of the Brick Making Factory Labour Association met in the S.R. building yesterday and resolved to nominate one Anthony, Carpenter Maistry for the Presidentship of the Union - Udoandi as Vice-President - Borlan as Secretary - Muniswami as Assistant Secretary and Annappan as Treasurer and that they should send the nomination forms to the Labour Assistant Commissioner.

Mr. Ratnasabhapathy, who is said to be a candidate for the Presidentship of Nandydroog Mines and who belongs to the Self Respect party of Madras, is staying with his father-in-law Mr. G. Appadorai, Tamil Pandit. High School, Robertsonpet.

Yours sincerely,

NANDYDROOG MINE LABOUR ASSOCIATION.

ELECTION OF MEMBERS FOR LABOUR ASSOCIATION.

Friends!

Arrangements are being made for the election of members for the Labour Union Committee. This election has to be conducted in peaceful manner with the least possible expenditure. So, they can send up names of candidates through their departments to the Secretary of the Sangham. The nomination of such candidates is left to the full discretion of the labourers. If nominations are sent through the various departments function will be conducted very smoothly. The following members of nomination can be made from each department.

1. Engineering Surface Company	3 candidates.
2. Sanitary	2 do
3. Underground comp	1 do
4. Reduction, Miscellaneous, surface	1 do
5. Underground Breaking current contract machine	3 do
6. Underground coy. support	1 do
7. do shaft levels	2 do
8. do Hoisting	2 do
9. Miscellaneous	1 do
10. Tramming Underground	2 do
11. Contract Hand Jumper	2 do
12. Underground Contract Tramming	2 do
13. do Miscellaneous	1 do
14. Surface Contract	2 do

Total no. of candidates 25

Members elected in this manner and the old committee members will congregate and discuss about the coming election. Those who are desirous of applying for the posts of President, Vice President, Secretary, Asst. Secretary of the Sangham Treasurer may apply to the Secretary of the Sangham. So, the elected lists of office bearers and committee members have to be sent to the Sangham on or before the 27th instant of this month.

Superintendent of Police.

Champion Reers,
Dated 29th Dec. 1942.

CC, CC.162/42-43.

Dear Sir,

In continuation of my previous reports, I beg state that it is reported that Mr. T.L.A. Acharya approached the Superintendent of the Nandydroog Mine for help in the matter of supply of food stuffs to the labourers and that in reply the latter said that he is unable to help them unless Government supply the same to them. Mr. T.L.A. Acharya is stated to be sending a telegram to the Dewan Saheb in this connection. Similarly about 200 or 300 labourers of the Mysore Mine approached Mr. Lyndzey for help in the matter of foodstuffs. He is stated to have replied that he would meet the other company authorities and intimate the result.

Mr. G. Kuttikrishna Nair, Ag. Secretary of the Nandydroog Mine Labour Association has issued Tamil printed bit notices calling for a meeting at the Sangham Office on 31-12-42 for taking their opinion in the matter of electing members to the Association and furnishing the names of voters list. An English copy of the same is enclosed.

Yours sincerely,

SD/- N. PUTTARANGASWAMY,

T. RAMAIIYA, ESQ., B.A.(Hons),

NANDYDROOG MINES LABOUR SANGHAM.

Companions!

Voters' list has already been prepared. There are on the whole 3818 labourers who have got right to vote. Those who want to know who all have got right to vote may come to the Sangham Office and ascertain from the Notice Board.

It is quite essential to know the general opinion of the common people. So it has been resolved to hold an important meeting at the Sangham Office on 31st of this month at 6 p.m. (new time)

As the Executive Committee members for the next year have to be selected and the general opinion of the labourers is to be ascertained, all the labourers are requested to attend the meeting.

This meeting will facilitate the Sangham to adopt the future course of action also.

In continuation of my previous reports regarding labour matter in K.G.F., I beg to state that it is reported that the underground labourers of Nandydroog Mine approached the Superintendent of the Mine and represented that they are experiencing much hardship for want of Rice, Ragi and Match boxes and requested him to arrange for the supply of the same. The Superintendent said that he would consider the matter and then reply.

A meeting under the auspices of the Howringpet Division Postmen's Union was held at Robertsonpet on 27-12-42 and one Mr. G.P. Naidu (Ex-Mon.Secretary, Madras Presidency, Postmen and R.M.S. Lower Grade Staff, Provident Benefit Fund) presided. Messrs. Govindarajalu, Ethirajalu, Kannuswamy and other postal employees attended. Resolutions were passed requesting the Patel authorities to give some more facilities to the subordinate postal staff. A substance of the resolutions passed is appended ~~enclosed~~.

Yours sincerely,

Puttarangaswamy

Deputy Commissioner, Kolar Dist.

S.B. REPORT FOR 28-12-1942.

SUBMITTED.

Beg to report that it was ascertained that yesterday evening between 6 p.m. and 8 p.m. a meeting under the auspices of the Bowringpet Division Postmen's Union was held at the Robertsonpet Cooperative Society, Maharaja Road, Robertsonpet. One Mr. G.P. Naidu (Ex-Mon. Secretary, Madras Presidency, Post Men and R.M.S. Lower Grade Staff, Provident Benefit Fund) presided. Messrs. Govindarajulu, Ethirajulu, Kumaraswamy and other postal employees attended the meeting. The following resolutions were passed in the meeting.

RESOLUTIONS :

1. To request the Superintendent, Postal Department to supply umbrellas and graduation list to the lower staff of the postal deptt.
2. To request to stop in returning of uniforms when an official goes on leave.
3. To request to release sale of stamps by postmen.
4. To appoint candidates to permanent posts according to seniority.
5. To change the term days of Postmen.
6. To appoint leave reserve.
7. To supply wollen bunians.
8. To select members to the committee.
9. Dearness allowance.
10. To make arrangements to hold divisional conference.
